## Laird's Laos Views Differ From Nixon's

WASHINGTON (AP) — Secretary of Defense Melvin R. Laird's assertion that U.S. bombing strikes in Laos are designed to protect the American position in Vietnam appears to vary from President Nixon's latest public assessment on the situation.

"It (the bombing) is to protect the Americans that are involved in Vietnam," the secretary said Thursday. "The interdiction of supplies on the Ho Chi Minh Trail (in Laos) is very much involved in the war in Vietnam."

Laird, speaking to newsmen on Capitol Hill, declined to waver from his position when pressed on whether the bombing also was being used to protect U.S. advisers in Laos.

Diplomatic sources and newsmen in Laos have reported that U.S. B52s dropped bombs in northern Laos in an effort to slow the enemy onslaught on

## VP Continues To Blast Kooks In His Talks

WASHINGTON (AP) — Vice President Spiro T. Agnew has called on the nation's governors to join in a fight to drive kooks, misfits and bizarre extremists from the nation's front pages and television screens.

In a speech Thursday to the National Governors Conference, the vice president said "It is time for the political, business and academic leaders of this country to lead a figurative march back to normalcy."

Declaring that "the threat of violent revolution" is a "clear and present danger," Agnew said the greatest threat to the nation is "not the war in Vietnam, nor inflation, nor the environment... it is: Will the government of this country remain in the hands of its elected official or will it descend to the streets?"

Agnew said his concern at the current American condition was not grounded in "fear of the kooks or demagogues themselves, but in their current respectability."

"Never in our history have we paid so much attention to so many odd characters," he said. "Twenty five years ago, the tragicomic antics of such societal misfits would have brought the establishment running after them with butterfly nets rather than television cameras."

"It is in this inordinate attention to the bizarre, this preoccupation with the dramatic, this rationalization of the ridiculous, that we threaten the progress of our nation," Agnew said.

## Goodrich Fire

GOODRICH (AP) — A fire destroyed a historic landmark—a building over 100 years old — Thursday night on the outskirts of Goodrich.

The Goodrich Manufacturing Co., which produces car trimmings has 30 workers.

Fire officials probed the cause of the fire. No estimate of the damage was disclosed.

Royal Laotian forces in the Plain of Jars.

During a news conference Jan. 30, the President said:

"The North Vietnamese have 50,000 troops in Laos and thereby threaten the survival of Laos. Our activities there are solely for the purpose of seeing that the Laotian government, which was set up by the Laotian accords, and at their request for the purpose of seeing that they are not overwhelmed by the North Vietnamese and other Communist forces."

In December, Nixon said the

U.S. role in Laos was aimed at supporting the Laotian government and cutting North Vietnam supplies to South Vietnam.

Laird's statement on bombing raids came as criticism of U.S. involvement in Laos intensified in the Senate. Some senators feel it is leading to a new Vietnam-like commitment.

Laird said the U.S. role in Laos is consistent with the administration's commitment that there will be no new U.S. Vietnam-like involvement in any country without the approval of Congress.

## Closings Denied

## Lansing Catholic School Plan Aired

LANSING (AP) — The Lansing Diocesan Board of Education unanimously denied a request Thursday night to close all Roman Catholic schools in the greater Lansing area next fall until all possible alternatives have been thoroughly explored.

The closure request was made by the Ingham - Eaton Area Board of Education which voted last month to phase out all parochial schools in the event that parochialism is not approved by the Legislature.

Higher Costs Noted That recommendation was triggered by the prospect of having to increase teacher salaries and student tuition fees for the 1970-71 academic year in order to maintain the present Catholic school system in the Lansing area.

Currently there are two Catholic high schools, nine elementary and one intermediate facility in the two-county area serving approximately 4,800 students.

One of these elementary schools has already decided to close its doors this September due to a lack of teaching nuns.

Request Explained In explaining the area board's request for closing the schools, Board President Morris Jones said the Catholic school system is operating at a deficit exceeding \$56,000 for this school year.

"This deficit was reached despite a sharp increase in student tuitions during the past year which has been supplemented by all-time high contributions from member parishes," Jones said.

"At the start of the present school year, the area board closed one school, formed a junior high school and consolidated

dated four others in an attempt to operate as economically as possible," the board president said.

### Assessment Policy

He said the area board adopted an assessment policy whereby approximately 65 per cent of the income of individual parishes would be used to help further finance the operation.

"Since September this assessment policy has had to be altered three times in an attempt to provide an equitable amount of money to operate the system. All of these attempts have obviously failed," Jones added.

He pointed out that any further tuition increases for next year would only force more Roman Catholic families to abandon the parochial school system.

"The schools will then become available only for the elite," he said. "This we sincerely believe is the opposite aim of a parochial system."

About 300 California Guardsmen were ordered into the area of the University of California

DEMONSTRATORS IN Santa Barbara, Calif., throw rocks at police car during a demonstration near the University of California. Hundreds of officers finally put down the disturbance Thursday. One demonstrator was shot and another knocked down by a police car during the uprising. (AP Wirephoto)

## French Leader Shrugs Off 600 Demonstrators

SAN FRANCISCO (AP) — French President Georges Pompidou, met by orderly picketing on his arrival Thursday night, embarked today on a busy schedule featuring a visit with local Jewish leaders who oppose his country's sale of Mirage jets to Libya.

A crowd of 600, by police estimate, met Pompidou with a mixture of boos and applause as he was whisked from a limousine into the St. Francis Hotel, where he and his wife are staying in a \$350-a-day suite.

Barricades kept demonstrators across the street from the hotel's main entrance facing Union Square. Helmeted police ringed the hotel.

Pompidou's plane arrived an hour late from Cape Kennedy, Fla., where he made a whirlwind tour of the spaceport. A San Francisco rally protesting his visit already had subsided.

The only incident at the rally was the arrest of a man reported to be carrying a concealed knife.

Mayor Joseph Alioto presented the president the key to the city and Mrs. Pompidou was given a bouquet of long-stemmed red roses.

The French president's meeting with 15 local Jewish spokesmen was scheduled for late afternoon. They planned to give him a petition circulated at the hotel rally. It criticizes France for sending planes to an Arab nation while withholding arms that Israel already had paid for.

## 2 Persons Killed In M-28 Accident

MUNISING (AP) — A flurry of snow blown from a truck momentarily blinded a passing driver Thursday, causing two deaths in a head-on collision, police said.

Alan Finn, 43, of Charlevoix, was attempting to pass the truck on M 28 east of Munising when his car collided with another driven by Robert Runsat, 37, of Kalamazoo, according to police.

Runsat and his son, Brock, 9, were both killed in the accident. Another son, Douglas, 14, is listed in poor condition in a Munising hospital.

# Desegregation Fight At Knockdown Stage

## HEW Measure Faces Second Veto By Nixon

WASHINGTON (AP) — The Senate reached the debate stage today on a \$19.4 billion appropriations bill carrying the explosive issues of slower school desegregation and new spending curbs to prevent a second veto by President Nixon.

Floor fights loomed on both issues, attached as amendments to the huge spending measure for the departments of Labor and Health, Education and Welfare.

The Senate Appropriations Committee set up the fight over spending controls by adopting an amendment Thursday that gives Nixon discretion to cut the appropriation by 2 per cent.

The provision, sponsored by Sen. Norris Cotton, R-N.H., also gives Nixon authority to cut any item by more than 15 per cent. Republicans said they believed Nixon would not veto the bill if the provision is retained.

Last month Nixon vetoed before a nationwide television audience a \$19.7 billion spending program for the two departments because he viewed it as inflationary. Nixon objected to the addition of \$1.3 billion over his budget recommendations, most for education and health programs.

The House approved the second spending measure last week after turning down a GOP proposal to give Nixon power to make cuts totaling 2.5 per cent. That immediately raised the possibility of another veto.

## Escanaba Dentist Gets State Post

LANSING (AP) — Gov. William Milliken has announced the appointment of Dr. Vernon K. Johnson of Escanaba to the State Board of Dentistry. Johnson succeeds Dr. James Jacobs of Iron Mountain, who resigned. Johnson's appointment is subject to Senate confirmation.

# National Guard Called To Santa Barbara Site

By The Associated Press

National Guardsmen moved into the collegiate suburb of Santa Barbara, Calif., today after a mass of young demonstrators forced outnumbered local police officers to retreat from the area which has been the scene of four days of disturbances.

The administration building at the State University of New

York in Buffalo was invaded Thursday night by students and there was some damage reported.

Witnesses said the demonstrators in Santa Barbara marched shoulder to shoulder and "came on like a cavalry charge" about 9 p.m. Thursday, just one hour after yelling and whooping 300 local officers routed about 500 youths with tear gas.

A sheriff's spokesman said police had "gotten the hell out of there" in the face of massed demonstrators. The spokesman said officers were speaking to avoid a confrontation in which they would need to defend themselves with clubs and guns.

Among the reasons for their anger and the protests, the demonstrators said were their opposition to the Vietnam war, their opposition to the capitalistic system, a feeling they were being exploited by landlords and what they call police repression and stifling of dissent on the campus and elsewhere in the nation.

One demonstrator was shot by a campus policeman and another struck by a police squad car, a sheriff's spokesman said. Four policemen and a third demonstrator were injured. A police spokesman said there were "25 to 50 arrests."

It was the third consecutive night of turmoil centering near the campus of the University of California at Santa Barbara. But the demonstrator turnout in defiance of a curfew was only half as large as the previous night, when a Bank of America branch building was destroyed by fire.

In Buffalo, N.Y., rebellious youths invaded the administration building of the State University of New York, smashed windows and glass display cases, ripped phones from walls and set a small fire.

Fire bombs touched off minor blazes in three other buildings.

## Inflation Said To Be Abating

WASHINGTON (AP) — The Nixon administration has fresh evidence inflation is abating, but one of the President's keys to fiscal health—\$2 billion in federal spending cuts—is just beginning to wend its uncertain way through Congress.

President Nixon asked Congress Thursday to trim or abolish 57 government programs from school milk subsidies to the board of tea tasters.

He conceded many of the programs, several dear to the hearts of congressmen, will be strongly resisted. But the cuts appear necessary for a 1971 fiscal budget surplus, an important segment of the administration's anti-inflation game plan.

While Nixon was outlining his economy program, the Labor Department reported the rise in wholesale prices tapered off this month, while the Commerce Department said its monthly index of leading indicators—designed to foreshadow broad economic trends—declined 1.8 per cent in January, its steepest drop since 1957.

Wholesale prices rose at an annual rate of 3.6 per cent, the preliminary February figures showed. This is less than half the January rate and may be an indication consumer prices will begin to respond to the administration's anti-inflation program before too long.

The monthly increase was three-tenths of one per cent, despite an unseasonably high one per cent jump in the price of farm products which raised them 8.2 per cent over the levels of a year earlier. Most of the increase was in cattle, hogs and fresh fruits.

Administration economists now predict the price spiral will slow substantially by the end of the year, although they have several times pushed back their deadlines.

## Senator Seeking To Bar Private School Monies

LANSING (AP) — Accusing parochial supporters of trying to "override the will of the majority," a Democratic state senator says the people should vote on the question.

Sen. James Gray of Warren announced Thursday that he would introduce a resolution to amend the State Constitution to bar use of public funds for private schools. The question would appear on the ballot only if the resolution won two-thirds approval in both House and Senate.

Gray's announcement followed a similar move by a coalition of groups opposed to parochialism. That group, the Council against Parochialism, said it would mount a petition drive aimed at putting the controversial question up for public vote.

The \$1-billion school aid bill now under consideration in the House includes provisions for allocating some \$22 million for private and parochial schools.

## Sheriff Quits

CADILLAC (AP) — Paul Lance, 52, sheriff of Wexford County for 11 years, has resigned. Lance, who has experienced two heart attacks in recent months, resigned effective March 15 because of his health. No successor was named immediately.

## Lid Clamped On Government's Role On Issue

WASHINGTON (AP) — A lid has been clamped, at least temporarily, on a potentially explosive congressional fight over the federal government's role in school desegregation.

By a narrow 8-7 margin, the House Rules Committee has sidetracked an attempt by critics of the present federal desegregation effort to open the subject to exhaustive inquiry.

But before it got the lid back on Thursday, the committee brought to light a deep and bitter division in the House that imperils any education legislation in the near future.

The split is centered in the Education and Labor Committee, where Oregon Rep. Edith Green, the panel's second ranking Democrat, has long been at odds with most of her fellow Democrats.

It was her resolution calling for the creation of a special committee to conduct the investigation on which the rules committee had to act.

Once the darling of the education lobby, Mrs. Green has grown increasingly critical of government education programs and now finds most of her support among Republicans and Southern Democrats.

Tired of being outvoted in her own committee, she sought to have a new one created that would be more responsive to her views.

Most of the Democrats on the Education and Labor Committee appeared before the Rules Committee to oppose her resolution on the grounds it was unnecessary or would create jurisdictional problems.

## Tighter Labor Laws Proposed By President

WASHINGTON (AP) — President Nixon proposed new machinery today to ward off crippling strikes in the transportation industries—notably the railroads.

The proposals, in a special message to Congress, outlined a long-range program and were not intended to meet the recurring threat of a railroad strike this month.

In his message, Nixon was sharply critical of the Railway Labor Act. He recommended that its emergency strike provisions be eliminated so rail and airline strikes and lockouts would be subject to an entirely new law representing an extension of the philosophy of the Taft-Hartley Act.

Under the Nixon plan, rail and airline disputes could be cooled off during an 80-day cooling off period following investigation of the issues by a board of inquiry.

If at the end of the 80 days, a dispute remained unsettled and the nation's health or safety was endangered, the President would have three brand new alternatives that would apply to all transportation industries:

—The President could extend the cooling off period for as long as 30 days if he believed a settlement might be possible in that interval.

—He could permit a strike or lockout to go forward but order partial operation of the troubled industry for as long as six months.

"The major part of the strike or lockout could continue," he said, "but danger to health or safety could be minimized by keeping essential segments of the industry in operation or by maintaining service for the most critical group of service-users."

—As the third option, the President could give each of the parties three days to submit either one or two final offers to the secretary of labor, followed by five days for negotiations. If talks failed, a three-member panel of "selectors" would study the final offers and choose one of them, declaring it to be the final and binding settlement.

P&S Manufacturing Co. To Grow

# New Firm Plans New Plant

A \$450,000 manufacturing plant will be constructed in Spalding as the home of the new P&S (Powers & Spalding) Manufacturing Co., announces William Ledger, president.

Construction of the plant by Roy Ness Contracting & Sales of Escanaba, successful bidders on the building, is expected to begin in early April with completion and start of production in June.

The new building will give the company manufacturing space of about 10,000 square feet.

The new company, a subsidiary of National Manufacturing Co. of Milwaukee, presently employs 12 men in a temporary building which the firm had erected just east of Spalding along highway U. S. 2 and 41.

When the new building is ready, the company expects to employ 50 machinists. Within a 20-month period, P&S plans to employ about 100 men.

**New Machinery**  
The P&S Co. has acquired some extremely sophisticated machinery operated by computer sand is now producing intricately machined parts for corporations in Michigan, Illinois, Wisconsin and Indiana.

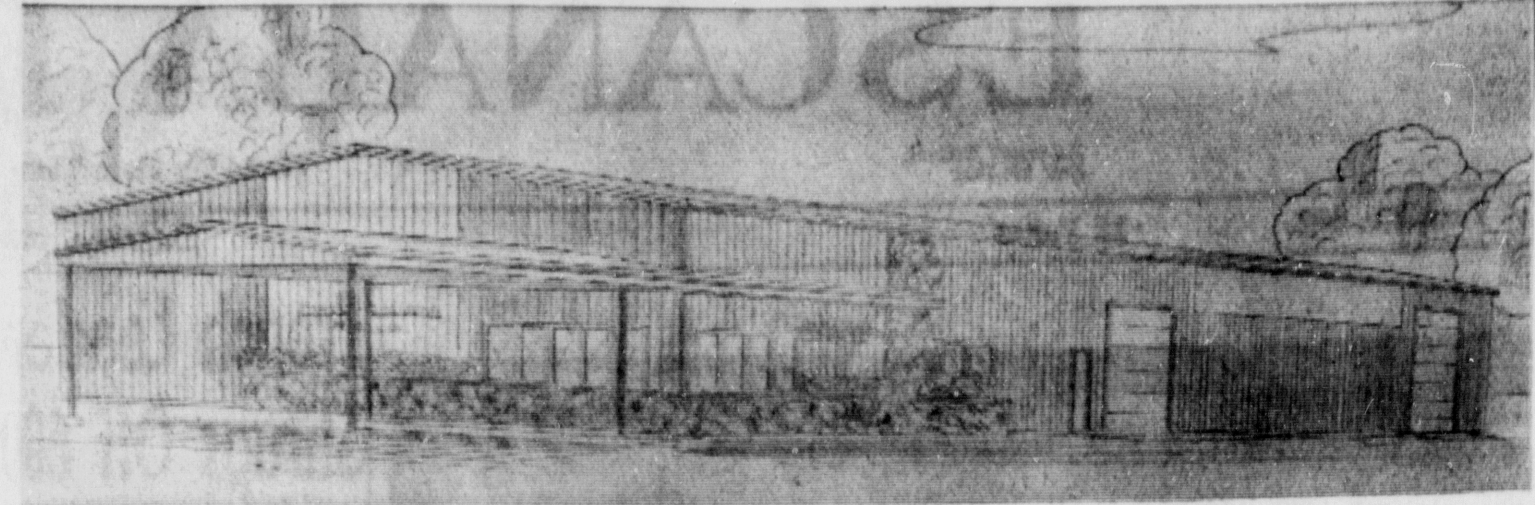

Among the machines that will be used in the manufacture of parts are 60 and 40 inch vertical boring mills a 30 inch blancher, milling machines, chucks, tracer lathes, radial drills, boring bar mill for 4 or 5 inch bars.

An overhead 5 ton crane will be installed in the new plant. The National Manufacturing Co. of Milwaukee, of which P&S is a subsidiary was formerly the National Machine Co. that was formed in 1946. The present National Manufacturing Co. was incorporated in Wisconsin in 1965. The firm has complete manufacturing facilities and specializes in the hard-to-machine metals known as exotics. Threading parts is also a specialization.

**Officers Listed**  
Officers of the P&S Company are Willard Ledger, president; Leo Lebal, vice president, and is also president of the National Manufacturing Co.; Charles Clancy, treasurer, a partner of Meir, Clancy and George, a C. P. A. firm of Milwaukee; Herbert Corey, secretary, who is president, Bank of Stephenson. These men are also directors of P&S.

Ledger was the founder of the U. P. Machine & Engineering firm located in Powers. He sold his interest in this concern last year.

P&S has utilized the On-The-Job-Training Program for some of their new employees. Both Ledger and Lebal expressed their gratitude for the help given them by David O. Farrand, of Escanaba, industrial development specialist of UP&AP. Farrand has been assisting the new company in various aspects to help promote and expedite the project.

THE NEW PLANT for the P&S Manufacturing Co. will look like this when completed in June. With machinery installed, the new plant will represent an investment of about \$450,-

000. In 20 months, employment is expected to increase to about 100 from the present level of 12.

DAVID O. FARRAND, left, industrial development specialist for the Upper Peninsula Committee on Area Progress, examines part of an industrial clutch shown by Willard Ledger, president of P&S Manufacturing Co. The firm plans a new building and expanded employment in the Powers-Spalding area. (Daily Press Photo)

## Demos Without 'Name' Leader

WASHINGTON (AP) — With the field wide open, the Democratic party is trying again to find a chairman for its debt-ridden national committee following Lawrence F. O'Brien's refusal to take the post.

A half-dozen names were bandied about by party leaders, but none has anything close to the

widespread acceptability of O'Brien, who still turned the job down because he felt the consensus behind him was insufficient.

As a first step, former Vice President Hubert H. Humphrey scheduled meetings today with Democratic governors, who had complained of being overlooked in the search for a new party chairman.

Sunday, Humphrey meets with the outgoing chairman, Sen. Fred R. Harris of Oklahoma, and the 11 members of the national committee.

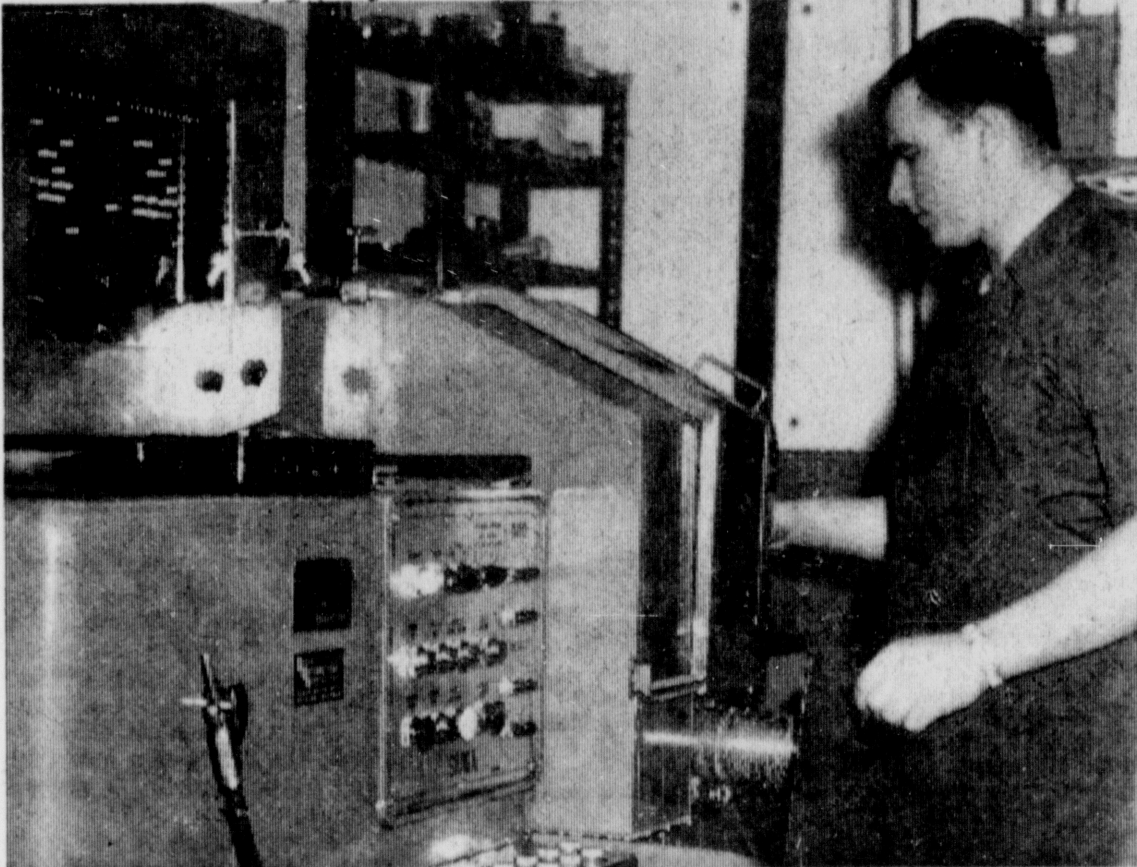

The full National Committee is due to meet here next Thursday to select a chairman, although as titular party head Humphrey really will make the selection.

However, Gordon St. Angelo, the Indiana Democratic chairman, reportedly plans to have his name submitted, even if he is passed over by Humphrey.

# YANKEE DOODLE BRANNY

We're proud to be an American. Rather than an import.  
Hartley Brandy is a little lighter. And a little drier. Not because we couldn't make it like the French but because we're making a brandy for Americans out of American grapes. And it comes out tasting the way Americans expect brandy to taste. We don't expect you to pledge allegiance to our product or anybody's just because it happens to be home-grown. But next time you buy a bottle of brandy, why shouldn't it be one of ours? **HARTLEY**

# North Western May Be Sold To Milwaukee Road

CHICAGO — Plans for the North Western Road to acquire the Milwaukee Road were in abeyance Thursday in a series of developments that could give the Milwaukee Road ownership of the North Western.

Terms of the offer to sell the North Western to the Milwaukee Road were not disclosed. Officials of the Milwaukee Road took the offer under study, but there was no indication whether they would accept it.

Meanwhile, the Milwaukee Road brought William J. Quinn, 58, back to the top level of management by electing him board chairman and principal operating officer.

A marriage of the two railroads has been called one of the "most obvious" proposals in American railroading.

A glance at the map shows duplicate trackage and facilities running from Illinois across Wisconsin, Minnesota, Iowa and South Dakota.

It is estimated that shorter routes, yard consolidations and other economies would save the railroads millions of dollars a year in operating expenses.

The \$1.5 billion merger would result in a 22,000 mile network spread across the Upper Midwest and the North-west, extending to the Pacific Coast.

## ICC Says No

Railroad observers were not surprised by the offer to sell the North Western to the Milwaukee Road.

The North Western is owned by Northwest Industries, Inc., a Chicago holding company headed by Ben W. Heineman, a lawyer turned railroad executive.

Heineman, president of Northwest Industries, said the decision to terminate plans for the acquisition of the Milwaukee Road resulted from an amended order issued Feb. 5 by the Interstate Commerce Commission.

The ICC order said that terms for the exchange of Northwest Industries stock for Milwaukee Road stock had become so disadvantageous to Northwest shareholders that the commission could not find the proposal to be just or reasonable.

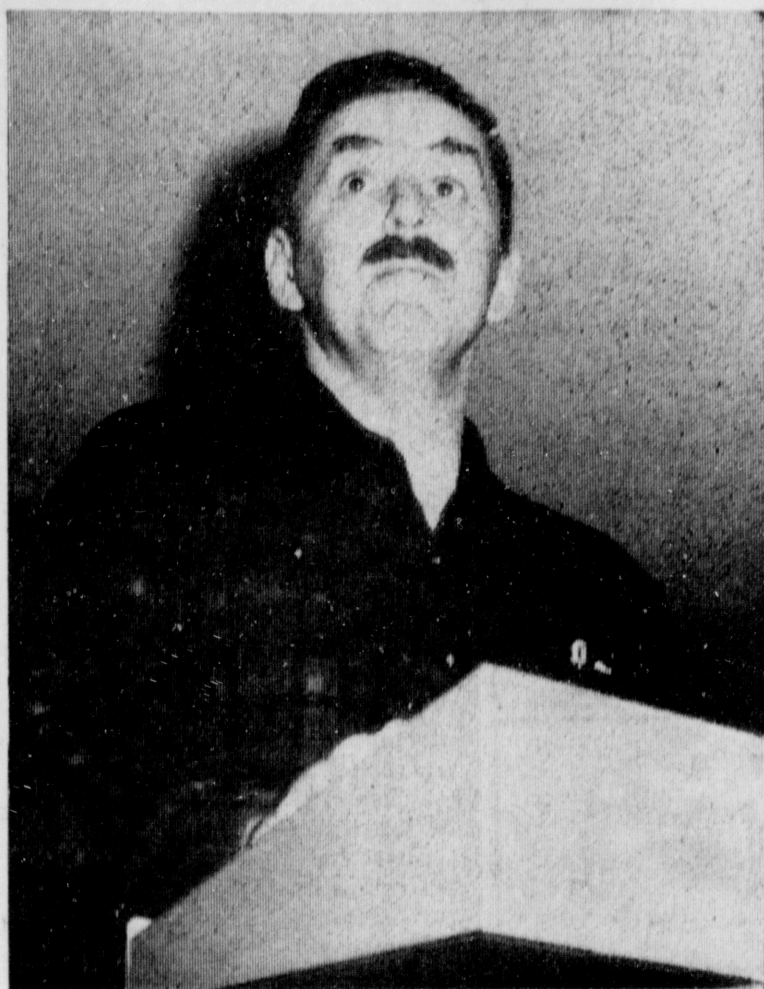

## Service Duplicated

Railroad observers said Northwest had little choice but to drop its previous plan.

The Northwest stock was split three for one last May.

## 40,969 Prints

EAST LANSING (AP) — State police report its fingerprint experts processed 40,969 prints in January and identified 38 suspects in criminal cases. The fraudulent check division examined 256 bogus checks and identified 198 of these by name or previous record.

GUEST SPEAKER — Joe Vogt, district game biologist for the Department of Natural Resources, is shown delivering an address to Thursday night's meeting of the Upper Peninsula Game Protection Association at the Civic Center in Escanaba. The sportsmen's association is currently campaigning to have a moratorium placed on the antlerless deer season. Vogt answered questions club members had regarding biology and the status of the U. P. deer herd. A crowd of almost 100 persons attended the meeting. (Daily Press Photo)

# Mothers' March Plans Announced

Mrs. William Savard of 327 S. 5th St., today was named Escanaba city chairman for the 1970 Mothers' March against birth defects, and Mrs. Myles Leonard of 1525 N. 18th St. will serve as co-chairman.

The appointments were announced today by Mrs. Ralph Anderson, Delta County March chairman.

Mrs. Savard said marching mothers will visit homes and apartments throughout the city on Thursday, March 19, seeking contributions for the National Foundation's fight against birth defects.

"We want to guarantee every child the precious birthright of health," the city chairman said, adding: "We have all known directly or indirectly, the tragedy of parents whose child was born less than perfect. This family heartache must end."

"That is why the March of Dimes set aside the month of March to ask public support of its year-around programs of prevention, patient care, research, community services and education."

Mrs. Savard hailed two breakthroughs—a rubella vaccine and an Rh vaccine. The

rubella vaccine is a dramatic triumph over the damage that often results to an unborn child when a woman contracts German measles during early pregnancy. The Rh vaccine has the potential to spare thousands of future citizens from death or devastating handicaps because of Rh blood disease.

The National Foundation March of Dimes has invested more than \$1 million in the fight against these two problems.

Volunteers interested in taking part in Escanaba's Mothers' March on March 19 may call Mrs. Savard at 786-5872 or Mrs. Leonard at 786-2237.

## With Orchestra

The Ball State Symphony Orchestra, Muncie, Ind., will perform at the national convention of Music Educators National Conference in Chicago on March 9. An invitational performance, the Chicago concert is part of the Orchestra's annual tour.

Kristine Fletcher, Escanaba, a student at Ball State, is second violinist with the orchestra.

The 78-piece Ball State orchestra is the only college or university group chosen from Indiana.

# \$12,000 At Stake In Munising Race

MUNISING — Four hundred top snowmobile drivers are expected to be registered for the start of the fifth annual North American Snowmobile Championships to compete for \$12,000 in prize money here this weekend.

The big winter event, rated as one of the top five snowmobile races in the country, by the United States Snowmobile Association, under whose rules the competition will be run, is expected to be viewed by over 10,000 persons each day.

One of the highlights of the two days of racing thrills will be the 47-mile Grand Island Cross Country Classic, which racing enthusiasts rate as one of the toughest, most grueling courses in snow racing.

The classic feature will start at 11 a.m. Saturday, following a parade of drivers from the Alger County Courthouse. The race will start in the heart of Munising and will take drivers over the ice-covered bay to the island.

The course continuation on

the island will take racers along the shoreline in some places 200 feet above Lake Superior.

## Sunday's Events

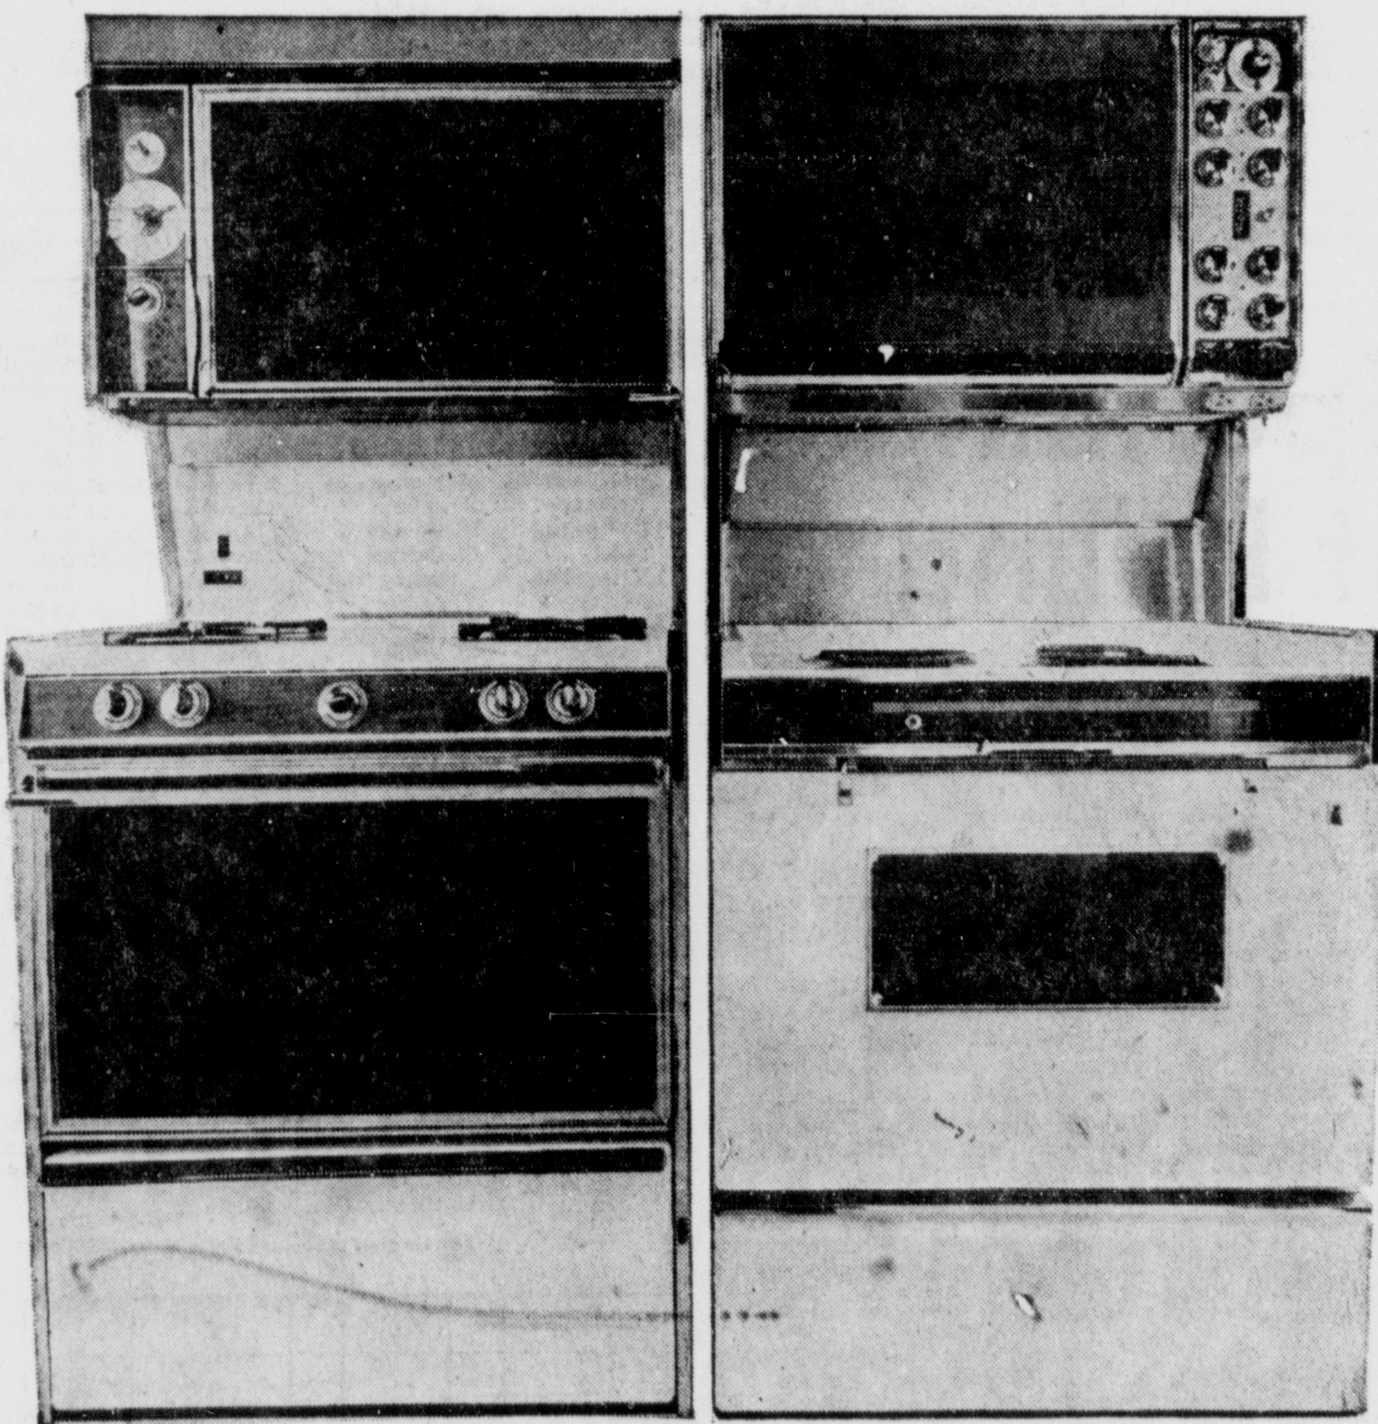

On Sunday, all activities will take place at the new high speed one-half mile oval track in Wetmore. The track was revamped during the summer and now has banked turns that can take snowmobiles traveling up to 90 miles per hour.

The oval races are scheduled to begin at 9 a.m. with stock and modified events. Winners in the oval competition will re-

ceive awards Sunday evening at the Forest Supper Club.

Last Year's winner of the Grand Island Classic was Roger Hoyle of Linwood. A handsome 5-foot trophy, The Paul Dube Memorial Trophy, will be awarded the driver who wins the classic event this season.

# Which one is really the modern range?

A Gas range has the burner-with-a-brain. . . . An electric range has the burner-with-a-brain.  
Gas cooks entire meals automatically. . . . So does electric.  
Gas has an oven that cleans itself automatically. . . . So does electric.  
And the whole oven-cleaning job costs about 2¢. . . . It costs a lot more than that.  
Gas has instant-on/instant-off. No hangover heat. . . . Sorry.  
Gas has smokeless broiling. . . . Sorry.  
Gas has complete heat control at all times. . . . Sorry.  
Gas costs 1/4 as much to operate as electric. . . . Money isn't everything.  
Gas is used by 9 out of 10 professional chefs. . . . What do they know?

If it isn't Gas, it really isn't modern.

## No Strike Now

It's interesting how much fuss an organization can stir up when it really sets its mind to it. A case in point was the threatened strike, work stoppage or moratorium by the public school teachers of Region 17 of the Michigan Education Association in a protest over parochial aid provisions in Gov. William Milliken's education bills and the support they have been getting from Rep. John Payant (R-Kingsford) and Dominic Jacobetti (D-Negaunee). As it turned out, there was no moratorium last week, was no moratorium today and is not likely to be a moratorium in the future in the central five counties of the Upper Peninsula, at least on this particular issue.

But while the Michigan Education Association may have made a number of enemies by threatening to strike, there is no question that the teachers of the region focused more attention on the issue of aid to non-public schools in the region than has been done in quite some time.

And to a large degree they did it by "using" their two antagonists on this issue in the Legislature — Rep. Payant and Rep. Jacobetti — who seemed to be caught mending the back fence while the herd leaped through the front gate. For while Payant and Jacobetti were put on the defensive, first defending their own records and then counter attacking against Arnold Korpi of Marquette, MEA field director, the teachers were getting in their licks at the central issue and the responsiveness of the legislators to their constituents.

Just how desperate certain organizations in Michigan, the Michigan Education Association among them, are about parochial aid is indicated by the willingness of the groups to play what many have regarded all along as the "ace in the hole" on the question — the statewide referendum.

Unless the top brass among the leaders of the opposition were convinced that it will be nearly impossible to defeat the aid to non-public school measures now being considered in Lansing, it is unlikely that a costly and time-consuming campaign to gather the necessary 300,000 signatures to put the issue on the ballot would have been attempted. Perhaps it was this feeling of desperation that led teachers in the central part of the U. P. even consider a walkout on classes.

Now that the petition drive is being initiated — and T. Jack Boase of Ishpeming, Region 17 Council president, admitted it was a "major factor" in the decision not to stage a moratorium — there is no real reason to walk out, many teachers feel. The issue will be settled by the voters of the state and most parochial opponents are confident they have the solid majority in the electorate.

If that's the case, it will be up to the Michigan Education Association, the Michigan Association of School Boards, the United Methodist Church, the Council to Advance Public Education and other organizations lining up with the Council Against Parochialism which is spearheading the petition drive not to alienate the voters between now and November. A strike against children doesn't fit with that goal.

## Peninsula Potpourri

Voters of the Bergland School District will go to the polls Tuesday to decide whether the district should be annexed to the White Pine district. This will be the fourth time the Bergland district voters have balloted on the annexation proposal. It was defeated on three previous occasions in recent years. If it is approved this time, the White Pine Board of Education will take over all assets and liabilities of the Bergland district immediately. The Bergland school would continue operation as at present until the remainder of the year, but next year Bergland students from the 7th to the 12th grades would be taken to White Pine by bus.

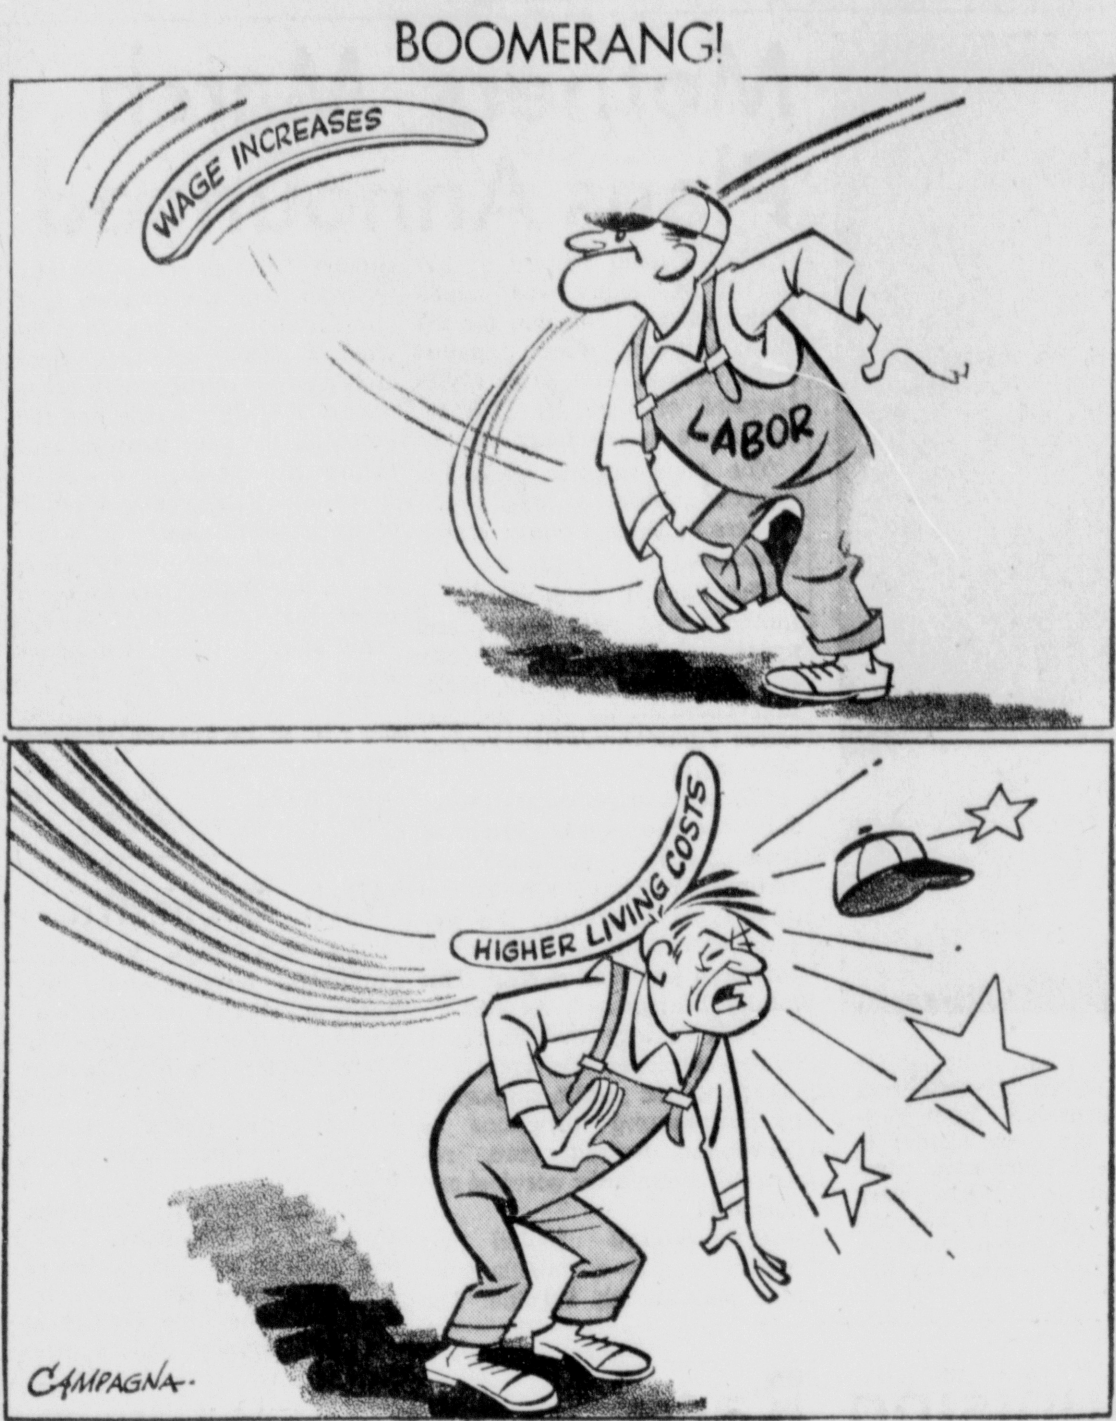

Wakefield firemen have been granted a pay increase by the city council. Instead of the \$2 for the first hour and \$1 for each additional hour they have been receiving, members of the volunteer fire department hereafter will be paid \$3 for the first hour and \$2 for each additional hour while fighting a fire.

An edict from the North Central Association of Secondary Schools will require Ironwood High School to add two full-time counselors and a part-time assistant principal to its staff. Superintendent Richard Rohde advised the Ironwood Board of Education that the association criticized the present arrangement at the school which has John Ostrom serving in a dual capacity as counselor and assistant principal.

Michael J. Nordstrom of L'Anse ran into a streak of ill luck in Iron Mountain. First he was ticketed for failure to stop in the assured clear distance ahead after his car struck one stopped for a traffic light. Later he informed police that his car had been struck by an unidentified vehicle while it was parked in a downtown parking lot.

A special election has been scheduled in Houghton for June 8 when voters will cast ballots on the document prepared by that community's charter commission. The change from a village to a city already has been approved by Houghton voters, who now must adopt a charter before the community actually can assume the status of a city.

Menominee voters, for a fourth time, have defeated two proposed city charter amendments which would have raised the salaries of that city's mayor and aldermen. The proposed hike in the mayor's pay (maximum of \$7,500 against the present \$1,200 a year) was defeated 937 to 608, while the proposed raise for alderman (maximum of \$600 a year compared with \$150 they now receive) was voted down 934 to 603. The firm defeat of the proposals and the light voter turnout were termed disappointing by some aldermen.

## 'Ruritania' Minister Talks About Youth

By JOHN CHAMBERLAIN

The Foreign Minister of Ruritania was trying to understand some of the gripes of the American young.

"They tell me," he said, "that adolescents in your country blame their parents for having let them down. I must say that this underscores an irony that is downright cosmic in its comical dimensions.

"The mothers and fathers of your college students," he continued, "happen to be the first generation in world history that has chosen to live almost exclusively for its offspring. It's been everything for little Bill or little Mary. The modern parent, who had to worry about making a living in the depression, decided long ago that his kids should never have to encounter deprivation.

"Schooling should be made a free and easy boon for everybody, even up through the state university and on into Ph. D. circles if desired. The restraints of the old Puritan codes were for the birds; the young were to be allowed to find their way experimentally. If they wanted to try grass or one of the 'non-addictive' drugs, okay; what, after all, is the difference between devoting Saturday night to puffing marijuana and the older method of getting a 'high' on alcohol?

"So what has happened," the Foreign Minister asked, "as a result of your permissiveness? The parent who has let his children be completely free to define 'relevance' for themselves is accused of a 'failure of communication.' The students who have been going in ever-increasing droves to the new schools and colleges, the better to learn the subtleties of language, the arts of persuasiveness, and the use of logic, have taken to smashing windows and yelling obscenities to make themselves understood. The slogan is the new art form; the debate is out.

"I don't want to be moralistic about it," said the Foreign Minister, "but wasn't it better when the parents didn't live so much for their children and there were limits on indulgence? Wasn't it better when a child was expected to earn his right to a scholarship by hard work, or—if he was 'underprivileged'—to put himself through college by waiting on table and other such 'menial' tasks?

"What gives me pause," the Foreign Minister mused, "is that the young whose parents have been living for them are now going to try to make a universal ethic of this business of living for someone else. Everywhere you hear it said that the new generation is loaded to the gills with 'social conscience.' The young reportedly don't want to go into business; that would be a selfish preoccupation with making money. They want to 'serve.' "Well, I'm for a certain amount of service, and I would be the last to decry idealism, but if everyone is going to live for everyone else, how will anyone find time for a life of his own? Who would raise the

crops or make the furniture or come up with new inventions? Who would write the novels? Who would earn the money that pays the taxes to help the truly helpless? Who would ever become proficient in the many self-serving skills that, paradoxically, keep the wheels of civilization turning?

"What you need," said the Foreign Minister, "is a revival of a little common sense. It's as simple and corny as that. The parent who doesn't like what his kid is doing in school might cause a real revolution in attitudes if he were to say, 'Okay, Bill, if you don't want to study, then I guess you'll have to go to work. I'm not paying to have you learn how to smash windows.'

"And the college administration that would confront striking students with a strike of its own, simply shutting up shop until the kids realized they were gyping themselves by not attending the classes they had paid for, might really lay the ground rules for a new study of economics.

"Oh, I know I'm being hard-hearted and 'square,'" said the Foreign Minister. "But you do

admit you have a problem, don't you?

"And one final thing," the Foreign Minister said in dismissing his American friend. "It's about this idea that marijuana is no different, or no worse, than alcohol. What, may I ask, is so good about alcohol?"

## Filipino Youths In Anti-U.S. Riot

MANILA (AP) — Several hundred riot police dispersed about 1,000 Filipino youths shouting anti-American slogans in front of the U.S. Embassy tonight. The crowd was inflamed by a court ban on a rally in Manila's major downtown plaza and the killing Wednesday night of a Filipino by a U.S. soldier at Clark Air Base near Manila.

The police, wearing helmets and carrying shields and nightsticks, marched in after the demonstrators hurled a few firecrackers and stones.

Two policemen and 14 demonstrators were reported injured.

More people get more news from newspapers than all other sources combined.

## Business Spending Rising, Not Falling

By JOHN CUNIFF

NEW YORK (AP) — A major economic consultant to industry sent telegrams to its clients this week advising them that business, rather than cutting its spending plans as the administration hoped, is actually raising them sharply.

The significance, it said, was this: "Talk of a recession is not warranted. Demand for money will continue strong. There will be little abatement of inflationary pressures."

In other words, business plans to continue spending heavily despite every effort of the Nixon administration to slow the economy and wring out inflation.

Telegrams Dispatched

The telegrams were dispatched from the office of Lionel D. Edie & Co. following a survey in which industry leaders were asked the specific amounts of money they intended to spend this year on plants and equipment.

The survey results: Spending will rise to \$83 billion from \$75.3 billion a year ago, an increase of 10 per cent. It will come on

top of an 11 per cent increase in 1969 over 1968.

The news wasn't really unexpected. Edie's competitor, Rinfret-Boston Associates, has been saying as much for a long time. Even the Department of Commerce figures indicated a strong capital spending year.

Spending Increases

More significant to Leon Kilbert, the Edie senior economist, is the indication that since last year industry has actually raised its spending plans. In September, a similar survey indicated only a 7 per cent increase.

Many economists are puzzled about why this should occur. Corporate profits are declining. Industry already has considerable excess capacity and seemingly doesn't need more. And financing costs are near all-time highs.

One explanation frequently offered is that some businesses, such as utilities, have little choice but to continue spending regardless of costs. They must keep pace of rising populations and steady increases in demand.

Four Per Cent Increase

However, the biggest increase in spending plans from September to February—as measured by Edie—came from the manufacturers, not the utilities. In September, manufacturers indicated a 4 per cent increase in 1970 spending. In February they had changed this to 9 per cent.

Commenting on the persistent strength of capital spending, the Chase Manhattan Bank stated: "Clearly, businessmen do not believe economists. The slowdown in business activity which has been widely predicted by

## Contract Bridge

By B. JAY BECKER

**BIDDING QUIZ**  
Partner bids One Notrump, next player passes, neither side vulnerable. What would you bid now with each of the following five hands?

1. ♠K7632 ♥AQJ104 ♦8 ♣J5
2. ♠84 ♥KJ2 ♦Q976 ♣K943
3. ♠AQ5 ♥J963 ♦KQ2 ♣A94
4. ♠9 ♥Q854 ♦J763 ♣K952
5. ♠K87542 ♥7 ♦Q9853 ♣10

1. Three spades. There is no question that this is a game-going hand opposite a 16 to 18 point notrump, and since a response of two spades or two hearts to an opening notrump bid is generally treated as weak and non-forcing, it becomes mandatory to jump the bidding to show interest in game.

Despite the disparity in the strength of the suits, it is far better to respond three spades than three hearts. If partner's next bid is three notrump, you then bid four hearts. To respond three hearts would lead to a very awkward position if partner's rebid were three notrump.

2. Two notrump. This is the normal response with 8 or 9 points and a notrump type of hand. Partner automatically passes with 16 points, goes on to three notrump with 18 points, and exercises his best judgment with 17 points.

3. Four no trump. This has nothing to do with Blackwood. It is simply an invitation to partner to go on to a slam with maximum values for his notrump bid. Just as in the previous case, the opening bidder passes with 16 points, accepts the invitation to go on with 18 points and uses his best judgment with 17 points.

The four notrump response indicates 15 or 16 points and thus allows for the possibility that the combined hands contain the 33 points which ordinarily produce a slam.

4. Pass. Game is more or less out of the question and the only real problem is to find the best part-score contract. Granting that the hand might easily play better at a part score in one of our suits, there is no sensible way of finding a better spot than one notrump. Despite the singleton spade, partner is a big favorite to make at least one notrump with our 6 high-card points.

5. Four spades. High-card point count is not a reliable guide in measuring the value of distributional hands. It is much better to try to estimate the trick-taking power of such hands, relying on past experience and plain common sense.

Here, despite a shortage of high-card points, you should assume that, opposite a normal notrump opening, you are extremely unlikely to lose more than three tricks. You should therefore bid four spades without a qualm.

## Ann Landers

### Aged Mother Dislikes New Drug For Males

Dear Ann Landers: I always thought a newspaper was supposed to be a friend. Well, our paper printed something yesterday that might break up our marriage.

Norville and I celebrated our golden wedding anniversary last year. He is 73 and I am 71. We have four lovely children and 12 grandchildren. Norville and I have had separate bedrooms for about eight years. He used to knock on my door every few weeks but he hasn't knocked for about three years which is just fine with me.

Yesterday, on the front page of our newspaper was an article about a new drug called L-dopa which was given to a patient in Washington, D. C., for Parkinson's disease. The patient, a man in his 60's, had not been able to have sex for about six years. After several doses of L-dopa he started to chase the nurses all over the hospital. The doctors said this new drug might be the answer for older people who have lost their sex drive.

Norville wants to go to Washington, D. C., and get the medicine. He does not have Parkinson's disease. These last three years have been wonderful. I don't want anything changed. I need your advice.—N. N. P.

Dear N. N. P.: You don't need to be concerned about any changes, and neither does Norville. My medical consultants tell me this aphrodisiac reaction produced by L-dopa is not viewed as desirable. It is considered a dangerous side effect. Furthermore, the medicine does more than create a sex drive. It can lead to antisocial behavior. It can also produce nausea, vomiting and hypertension. L-dopa is still under clinical evaluation and does not have Food and Drug Administration approval. Norville is not likely to get any.

Dear Ann Landers: I read the letter from the mother who was mad at the school because they told her they didn't want her diabetic child. The youngster had to have special privileges and it discomfited everybody. The mother felt the teacher was mean because she wasn't willing to put herself out a little for an "unfortunate youngster." You sympathized with the child. I'm on the teacher's side.

Do you know what it's like to teach school today? Well, I do and it's just about the hardest work there is. I have a diabetic student and he has made himself the center of attention. The boy is constantly running to the toilet. He is forever chewing gum, eating candy and falling asleep.

I don't believe that just because a kid has an illness he

should get special privileges. I am doing my darndest to get this child out of the public school system. He is a nuisance and what's more he is wasting the taxpayer's money.—Other Side

Dear O. S.: And what about the kids who are nuisances, but don't have diabetes? Are you trying to get them out of the public school system, too? You sound like the kind of teacher we could do without. If you haven't considered a change in careers, I strongly recommend it.

If you have trouble getting along with your parents if you can't get them to let you live your own life, send for Ann Landers' booklet, "Bugged By Parents? How To Get More Freedom." Send 50c in coin with your request and a long, stamped and self-addressed envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a self-addressed and stamped envelope.

## People, Events Of Yesteryears

From the files of the Escanaba Daily Press

**25 Years Ago**  
The opening of navigation in the Escanaba harbor has been tentatively set for April 1, officials of the Chicago and North Western Railway indicated. The first ore boat to load at the C&NW docks is expected to arrive here on that date.

There are approximately 2,900 passenger cars in Delta County still without 1945 license plates, and only about one half the commercial vehicles in the county have been licensed so far, it was reported by William Ranguette, manager of the local branch office for the sale of car license.

**50 Years Ago**  
The Federal Bakery announced that beginning this week, deliveries of bakery goods will be made. The firm had intended delaying delivery until the arrival of a new truck, but word was received that the truck will not arrive for about four weeks yet.

Acting on orders from the county prosecutor, the local police again ordered all gun machines removed from the places where they were in operation. Two machines were confiscated and taken to headquarters.

Every member of Michigan State's freshman basketball team played prep ball in Michigan.

## Speech, Hearing Evaluation Aids Area Children

Parents interested in having their child's speech, language, and hearing evaluated are responding favorably and it appears the clinic may have to be extended to two weeks, the sponsors report. The purpose of the clinic is to help locate preschool children, with speech and hearing problems in Delta and Schoolcraft counties.

A summer program will be planned to meet the needs of the children found to have severe problems. For children found to have only a mild problem, the parents will be provided with materials and recommendations on how to help the child improve his speech at home.

Parents who would like to have their children evaluated should call 425-2381 or write David Featheringill, Coordinator of Speech and Hearing, Delta-Schoolcraft Intermediate School District, Box 70, Gladstone. An appointment time and place convenient for the parent will be arranged.

If a parent cannot find a ride to one of the centers, transportation will be arranged through the Better Hearing and Speech Society. Also, if a parent is unable to bring the child to one of the centers, a home visit by one of the speech and hearing therapists will be arranged.

## In Service

Mack D. Anderson, son of Mr. and Mrs. Llewellyn Anderson, 1416 1st Ave. S., Escanaba, was recently promoted while serving in the U. S. Army at Ft. Riley, Kansas. Anderson, a supply sergeant, is a 1967 graduate of Escanaba High School. He entered the armed forces in November, 1967, and completed basic training at Ft. Campbell, Ky. He is married to the former Audrey Sanville of Gladstone.

A recent poll in Norway showed that in a sample population 73 per cent approved of short skirts.

## Briefly Told

A meeting of the Men and Women of the Moose will be held at 8 p.m. Monday at the Moose Lodge. Women members interested in attending the mid-winter conference March 1 in Norway are to call 786-5880.

The Carney-Nadeau PTA will meet in the hot lunch room of the school March 2 at 8 p.m. (EST) Dr. Garbowicz, psychiatrist for the intermediate school district of Menominee County, will speak on the diagnosis, treatment and prevention of mental illness. A question and answer session will follow. The public is invited.

The Recreation Department is sponsoring a dance for seventh, eighth and ninth grade students of the area at the Catherine Bonifas Civic Center today from 8:30 to 11:30 p.m. Music will be provided by Dick Peterson's, "Upstairs, to the Left."

The Senior Citizens will meet Sunday at 2 p.m. at the Civic Center for a card social. A potluck supper will follow.

The Menominee - Delta-Schoolcraft Community Action Agency Governing Board will hold its quarterly meeting Saturday, March 7, at 2 p.m. at the Civic Center. The public is invited to attend.

Impellant Lodge No. 460 will hold its regular meeting Monday at 8 p.m.

The Messiah Singers will rehearse in the music room of the Escanaba Senior High School at 7:30 p.m. March 2.

Escanaba police have issued traffic court notices to John Maki, 324 Minnesota, Gladstone, speeding and expired operator's license; and to Steve P. Sabor, 1412 N. 16th St., disobeying a stop sign.

## Lenore To Talk

DETROIT (AP)—Mrs. Lenore Romney, wife of former Republican Gov. George Romney, will hold a press conference Saturday to discuss her candidacy for the U.S. Senate seat now held by Democrat Philip A. Hart.

## Troop Reports To Be Continued By Scout Panel

History and activities of Escanaba Troop 444, including slides of troop activities were featured at a Red Buck District Committee meeting Thursday night. The committee voted to continue this "Front Line Report" experiment with another troop or pack next month.

District Chairman Jay Jennings reported that the Council Executive Board has voted to proceed with the construction of a new general purpose building at Camp Hiawatha. The new building will house a commissary, trading post, office, small meeting room, small kitchen, storeroom and rest-room. The new facility is scheduled to be completed by June 15th in time for use during the summer camp season. This will complete the initial phase of the development of the camp.

District Training Chairman Don Chamberlain announced a special Cub Leader Training course at 1st United Methodist Church, in Marquette Saturday, March 7, from 10 a.m. to 4 p.m. The session will include all four courses required for the Cub Leader Training Award.

Chamberlain welcomed two new committee members, Gerald Dubord of the Escanaba Amvets, and Joseph Simons of the Escanaba VFW. They are Institutional Representatives from packs 414 and 415, respectively.

Acting District Commissioner, Ray Bydalek of Ford River, was welcomed to the District by Jennings.

Dr. Roland Berry, reporting for both Camping and Activities and Health and Safety Committees, said that transporting injured persons will be stressed at the annual Klondike Derby at Twin Springs on the Sturgeon Peninsula from 9:30 a.m. to 2 p.m. Saturday, March 7. Jack VanBroeklin of Gladstone Troop 444 will run this event.

A list of District Merit Badge counselors will soon be available according to Dr. D. A. Jondrow of Gladstone, chairman of the Advancement Committee. He and Bydalek are completing the list.

## Set To Argue

MANISTEE (AP)—State Rep. Dennis Cawthorne of Manistee is ready to argue with another Western Michigan legislator's assessments of highway needs in the western part of the state.

Not a sign of that collision when our experts re-condition your car. Fine work at moderate prices.

**Edwards** AUTO BODY

## Hermansville

The social hour sponsored by St. Mary Margaret Circle Sunday afternoon was well attended. The guest prize was presented to Mrs. Richard Grenier.

Mrs. Edward LaMaide attended a two day sales meeting in Battle Creek on Monday and Tuesday.

### Dance Saturday

The junior class of Hermansville High School will sponsor a dance Saturday evening at the school gym with dancing from 8:30 p.m. to 12:30 a.m. Refreshments will be served. Music will be furnished by "The Mustangs," and the public is invited.

### Auxiliary Meeting

The Tony Revord Post Legion Auxiliary will meet Monday at 8 p.m. at the Legion Hall.

Application blanks for the summer topical fluoride program are available at the Hermansville School office for Meyer Township residents. Three and four year olds, second, fifth and eighth grade children are eligible. Deadline for applications is March 15.

## Blue and Gold Banquet Held At Hermansville

A Blue and Gold Banquet honoring Hermansville Cub Scouts was held Monday evening at the Community Club with 15 scouts, their families and friends attending. Den mothers are Mrs. John St. Juliana and Mrs. John Malone.

Cubmaster Matthew Gurgall was program chairman and presented awards to the following boys: Brian Peters, Billy Lauscher, Stephen Bellmore, Keith and James Moore, David Gurgall, Robert St. Juliana, Wayne Malone, Robert Kichure, Donald and Ronald Adams, Stephen Maule and Ricky Gurgall.

A Webelos group has been organized under the leadership of Gary Schults and members are: John Rodman, Stephen Maule, Robert St. Juliana, Ronald and Donald Adams, Wayne Malone and Ricky Gurgall.

Scout mothers were in charge of the dinner served in the hot lunch room following the program.

## Students Help Indian Children

MT. PLEASANT — Thirty-nine students are serving as counselors in Central Michigan University's volunteer program in which CMU students devote their free time to helping Chipewewa Indian children better understand life off the reservation by joining with the youngsters in recreational and educational activities.

Paul Haack, son of Mr. and Mrs. Lawrence Haack, 906 7th Ave. S., Escanaba, is one of the student volunteers.

More than 100 youngsters, most of whom live on a federal reservation outside Mt. Pleasant, participate in the program. All activities in which they take part are paid for entirely by the student volunteers.

## Discovery is their business!

**Dr. Charles B. Huggins** won the Nobel Prize for his discoveries in easing pain and lengthening life for patients with prostate and breast cancer. Two million dollars in grants from the American Cancer Society helped make his discoveries possible.

**Dr. George N. Papanicolaou** discovered the famous Pap test for early detection of uterine cancer. The American Cancer Society invested one million dollars in his research. His discovery helps save the lives of thousands of women every year.

**Dr. Charles Heidelberger** developed a new class of chemicals to treat cancer. Best known, 5-FU, has given relief to thousands of cancer patients. He is also working on the mechanism by which pure chemicals cause cancer in mice. As an A.C.S. Research Professor, he is guaranteed lifetime support for his valuable work.

Give to the American Cancer Society

## Employees Feted At Harnischfeger

Nine Harnischfeger employees were recognized for completing 20 years of service with the corporation during February.

Over 50 per cent of the workers employed by Harnischfeger in Escanaba 20 years ago (1950) are still actively employed, the company said. The 50 per cent figure does not include retirees.

Receiving 20 year service awards during February were: David J. Harris, Wilson; John M. Gorenchian, Escanaba; William G. Schmidt, Gladstone; Donald F. Dabney, Gladstone; Millard Larsen, Escanaba; Lawrence C. King, Gladstone; Richard L. Freeman, Escanaba; Herbert D. Martin, Gladstone, and A. Elmer Nelson, Escanaba.

## Retarded Assn. To Begin Drive For Membership

The Delta County Chapter Michigan Association for Retarded Children, as a member of the National Association, is joining a nationwide effort on behalf of mentally retarded individuals of all ages.

March has been designated as National Retarded Children's membership month and the local membership drive is in conjunction with approximately 1,400 affiliated units of the national association.

Ervin Koehler, president of the local chapter, said "We must increase our vocational training and community living projects to help each retarded individual grow to the fullest use of his abilities."

As a part of the membership drive, the Delta County chapter's regular meeting will begin with a pot luck supper at the new activity center Monday, March 2, at 6:30 p.m. Anyone interested is invited to attend to join the fight against mental retardation.

## Soo Hill, Wells Topical Fluoride Enrollment Open

Parents who wish to enroll their children in this summer's topical fluoride program in the Soo Hill and Wells area have until March 6 to do so, according to Mrs. Orval Morrison, chairman of the Soo Hill topical fluoride committee.

All four or five-year-old preschoolers, kindergartners, second, third, fifth, sixth, eighth or ninth graders are eligible for the program if registered before the deadline. Mrs. Morrison said. Parents who wish to enroll children but who have not received registration cards should contact the principal's office at either Wells or Soo Hill schools. A \$4 fee to cover operating costs must be submitted along with the registration card.

The procedure consists of four visits to the fluoride clinic scheduled in the Soo Hill school. A child's teeth are cleaned on the first visit and four fluoride applications are made to the surface of the teeth. The technique has been shown to reduce tooth decay by about 40 per cent.

## Speech Society Hears VanTassel

James VanTassel, consultant for the retarded with the Delta-Schoolcraft Intermediate School District, told a meeting of the Better Hearing and Speech Society recently that most handicapped children are taught in regular classes when their handicap is mild.

"These children not only are better served in regular classes, but with less cost," VanTassel said. "A child should never be placed in a special class until there has been extensive consultation and psychological evaluation," he added.

According to the consultant, this evaluation is based on professional consultation, psychological tests, medical history, social history and, most important of all, an interview with the parents.

The consultant said that presently children in the lower grades are being screened to determine if they need special help. Any child with possible problems will be examined further, VanTassel pointed out. VanTassel said that if a child is diagnosed as mentally retarded he is placed in a special class and examined periodically.

## Fern Fontanna Taken By Death

Fern Fontanna died at 4:50 a.m. Friday at the Bishop Noa Home following a short illness. She was born Oct. 17, 1884 in Escanaba and moved to Powers as a young girl where she resided with her father, who owned and operated the Fontanna Hotel.

Miss Fontanna attended Lawrence College, the Detroit Conservatory of Music, the Cincinnati Conservatory of Music and she also studied at a conservatory in Paris for over a year.

She taught music for many years at various colleges in the southwestern United States and returned to Escanaba about 30 years ago, teaching music here until retiring in 1955. She had resided at the Bishop Noa Home since July of 1969.

She is survived by one brother, Stanley G. Fontanna of DelRay Beach, Fla., and two nephews, John Fontanna of Midland and Rodney Morrill of Palos Verdes Peninsula, Calif.

Friends may call at the Alto Funeral Home from 7 to 9 p.m. today and complete funeral services will be conducted at the Alto Funeral Home Chapel at 2 p.m. Saturday. Christian Science services will be held. Burial will be in Lakeview Cemetery.

## County-Wide Day Is Proposed For Mayors' Exchange

"Why not a county-wide participation in Mayors' Exchange Day of Michigan Week?" suggests Escanaba City Manager George Harvey.

He notes that for some time Escanaba and Gladstone have participated in Mayors' Exchange and that each city has its own program—with each city showing its guest mayor around and then taking him out to eat.

"This year Michigan Week is May 18-23. It has been my feeling for some time that we should broaden this program and put it on a county-wide basis," said Harvey. "In this way we can show our visiting dignitaries the best of the entire Delta County area."

Tours of industries and other points of interest could be followed in the evening with a dinner honoring the visiting mayors.

Harvey addressed his suggestion to representatives of the County Board of Supervisors, City of Gladstone, the townships, Chambers of Commerce and others. He asks for comments on the plan and concludes: "If we institute a program of this nature, the people of the entire county will benefit."

## NOTICE TO BIDDERS

Sealed proposals will be received at the office of the Alger County Road Commission, Munising, Michigan, until March 2, 1970, at 10:00 A. M. EST; at which time and place they will be opened for ONE FOUR DOOR SEDAN — OPTION — ONE NINE PASSENGER STATION WAGON.

### HERE'S THE ANSWER

By ANDY LANG  
AP Newsfeatures Writer

Q.—The nuts holding the rear wheels on our leaf-sweeper always seem to work loose even though locknut washers are used. Is there some way to prevent this?

A.—The constant vibration is causing the trouble. You can keep the nuts in place by coating the threads with shellac before tightening up. This causes a slight problem if you should ever have to remove them, but a little extra pressure on the wrench or the application of a solvent will do the trick.

Q.—Whenever I drill a hole in a piece of sheet metal, there are always rough edges around the hole. How can this be eliminated?

A.—First, clamp the sheet metal between two pieces of scrap wood. Then, drill right through the wood and the metal. When the metal is withdrawn from the wood scraps, the hole in it will be very smooth.

Q.—I recently painted some pine shelves. A brown color has started to show through the white in several places where there are knots in the wood. I realize now I should have first done something to the knots. What should I have done? And how do I correct the condition now that the damage has been caused?

A.—You should first have used a commercial knot sealer. Even a preliminary coat of shellac on the knots would have helped. The only thing that can be done now is to thoroughly wipe the stained areas with denatured alcohol,

apply a sealer and then repaint the shelves.

Q.—I've taken off all the old finish from a second-hand cabinet. But bits of color still remain. Sanding hasn't done any good. How do I get out the color?

A.—This is one of the most frequently asked questions. The solution is to use a commercial bleach, following the directions to the letter.

### Shell Prepared To Market New Unleaded Gas

NEW YORK (AP)—Shell Oil Co. announced Thursday it would begin marketing a new unleaded gasoline this fall because it expected many of the 1971-model cars will be able to use such a gasoline effectively.

"We think our action supports President Nixon's confidence that the petroleum industry would make available suitable unleaded gasolines for these new cars," Denis Kemball-Cook, Shell president, said.

Other major oil companies also have announced plans to produce lead-free gasoline, and auto manufacturers have said they will make suitable engines.

Lead compounds have been added to gasoline since the 1920s as the most economical way to raise their octane level to that required by most of today's high compression automobile engines. However, some automotive manufacturers believe that lead adversely affects efforts to limit pollutants in the auto exhaust.

Corrugated boxes made of fibreboard are used to transport more than 95 per cent of the manufactured goods in the United States.

## Former Nazi Sailors Do Well In Argentina

CORDOBA, Argentina (AP)—The elaborate gold lettering above the bar in the German Club of Cordoba says—in German—"Eat what you want, drink what you want, but don't talk politics."

For Argentina's huge German-speaking community, often accused of Nazi sympathies, it is safe advice for life in a country still apologizing for having supported Adolf Hitler until the final months of World War II.

Martin Deurburg and Ricardo Scholzel gesture toward the inscription and translate good-humoredly when a stranger, joining them for beer, tries to turn the conversation to world affairs.

**Graf Spee Crewmen**

Beerburg and Scholzel were young crewmen aboard the Admiral Graf Spee, the German "pocket battleship" which sank nine allied merchant ships in the South Atlantic in the fall of 1939, and took aboard the crews of the sunken freighters as captives.

Finally intercepted by British warships and damaged in battle, the Graf Spee was unable to escape. Her captain, Hans Langsdorff, scuttled the vessel.

**WELLS TOWNSHIP BOARD OF REVIEW**

Will meet at the Wells Township Hall on March 3, 9 and 10th from 9 a. m. to 12 noon and from 1 p. m. to 3 p. m.

Charles Sedenquist  
Supervisor

### Auto Production Hits 6-Year Low

DETROIT (AP)—The U.S. auto industry continued to slump in February with U.S. automakers building fewer cars so far this year than in any similar period since 1964. Automotive News reported Thursday.

The industry trade paper also said Ford and General Motors plan further cutbacks in March.

Scheduled U.S. production this week fell to 161,273, down from 162,844 last week and 180,977 in the same week of last year. For the month, production was 552,921, the worst February since 1919, 519,977 cars were built in 1967.

So far this year, 1,154,683 cars have been assembled, down from 1,538,796 at this time last year. The total is the poorest since 1964 when 1,420,839 cars were built through February.

### MASONVILLE TOWNSHIP NOTICE

Saturday, February 28th, 1970 is the final day for payment for 1969 taxes without penalty. I will be at the fire hall in Rapid River from 12 noon to 4 p. m. on that day.

Ruth Sundberg  
Township Treasurer

### New Vote Possible

## Daylight Savings Time Issue Alarms Lawmaker

LANSING (AP)—With its first major controversy of the session disposed of unceremoniously, the Michigan Senate now turns to Daylight Savings Time, crime control and abortion reform.

The loudly debated small loans bill, boosting the current \$1,000 ceiling to \$3,500, quietly died in the Senate Thursday when Majority Leader Emil Lockwood, R-St. Louis, withdrew his motion to reconsider the 21-13 vote by which the measure had been defeated.

But senators raised their voices anew when discussion turned to a proposed constitutional amendment that would put Michigan on Daylight Savings Time.

**Another Vote Eyed**

Sen. Raymond Dzendzel, R-Detroit—sponsor of the resolution that was moved into position for final vote next week—called on colleagues to "give the people a chance to vote—and vote so they can understand the question."

Dzendzel maintained voters were "confused" over the question when they narrowly defeated Daylight Savings Time in the 1968 general election.

"I don't think we ought to tell the public they're fools," countered Sen. Basil Brown, D-Highland Park, who supported the earlier legislation exempting Michigan from provisions of the Federal Uniform Time Act. That act placed all states on "fast time" unless individual legislatures decreed otherwise.

**Prime Forces**

Dzendzel, the Michigan Chamber of Commerce and other groups have been among prime forces behind the DST move. Michigan Farm Bureau and similar organizations oppose any time change.

"We haven't heard any hue and cry (for DST) except from a very narrow business group," Brown declared, adding that "The Wall Street of Michigan is somehow attuned to the Eastern Seaboard."

Brown contends that Michigan is geographically situated in the Central Time Zone, despite a federal declaration that the state is in the Eastern Time Zone.

**Brown Questions Move**

"Are we not changing geography by attempting to amend the constitution?" he asked.

Sen. Charles O. Zollar, R-Benton Harbor, noted the often renewed action on the DST issue and said: "I'm in violent opposition to introducing this again and again and again."

Sen. John Toepke, R-Cadillac, noted the close vote in 1968, but said official figures show only 16 of Michigan's 83 counties favored DST.

**Two-Thirds Vote Needed**

Dzendzel's resolution must win a two-thirds vote in both House and Senate in order to appear on the November ballot.

Also moved into final-vote position Thursday was a measure Brown called "the most important crime control bill we've had here in a long time."

The bill, sponsored by Sen. James Fleming, R-Jackson, provides that any person charged with a felony may receive a consecutive—rather than concurrent—sentence if he commits another felony while on bond for the first crime.

### BAY DE NOC TOWNSHIP BOARD OF REVIEW

will meet on March 3, 9, 10, 1970 from 9 a. m. to 12 p. m. and 1 p. m. to 4 p. m.

# License Plate Sellers Asking Threat Probe

LANSING (AP)—Branch managers of Michigan's auto license plate offices have charged the Democratic State Central Committee with "attempting to extort funds through threats of firing."

Charles Deamud of Detroit, chairman of the Michigan Branch Managers Association, said he is forwarding a copy of a resolution adopted by the Democratic State Central Committee to Atty Gen. Frank Kelley for his review and investigation.

"If this type of threat can be made against our group who are private contractors with the state, then the next step will be the same kind of action against other contractors such as those who bid on building projects and highways," Deamud said.

Deamud said the resolution was adopted by officers of the State Central Committee on Jan. 5 but was not made public until a month later.

The association represents branch managers appointed to their jobs by the secretary of state. Some of the larger branch offices come under civil service and the managers there do not belong to the association.

The appointments are political plums traditionally handed out by the party in power.

Those named as branch managers just as traditionally are expected to make major contributions to the party's campaign funds.

In the past, Secretary of State James Hare has openly admitted firing branch managers who have been flagrant in refusing to kick in to the party coffers.

Deamud said his group traditionally has supported the party on a voluntary basis. He said individual members will make the decision on how much they will contribute and how the funds are to be spent.

## Soo Locks Will Open On April 4

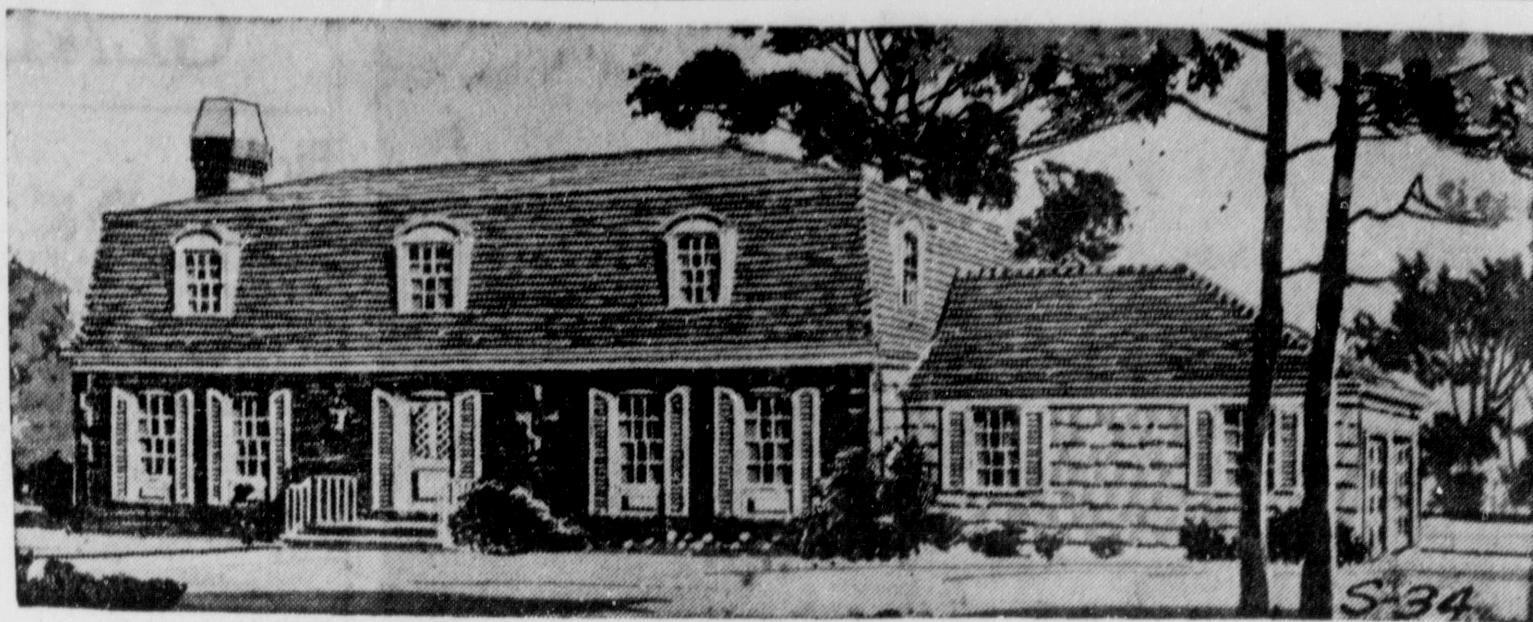

MASSENA, N.Y. (AP) — The Montreal-Lake Ontario and Welland sections of the St. Lawrence Seaway were scheduled today to open April 1, the waterway's operators announced.

The opening date will match the April 1 opening of 1966, which was the earliest ever for the Montreal-Lake Ontario section, said the joint announcement of the St. Lawrence Seaway Development Corp. and Canada's St. Lawrence Seaway Authority.

The scheduled closing for the Montreal-Lake Ontario section is Dec. 10, with the possibility that navigation there could continue on a day-to-day basis thereafter.

The scheduled Welland closing is Dec. 22.

The schedule for the Canadian canal and locks at Sault Ste. Marie was announced as April 4 through Dec. 12.

OLD-WORLD CHARM of this traditional house emerges from such exterior details as the mansard roof, brick chimneys at the end of the structure, wood shingles on the garage,

scalloped leaded glass entrance doors, window-panel mouldings and curved dormer heads.

# More Space With Mansard

By ANDY LANG

The capacity of a 17th century French mansard roof to provide extra space on the second floor is clearly illustrated in this pleasant traditional house.

Because the lower slope of the roof is very slight — almost vertical — the area upstairs is almost the same as the first floor; that is, 1264 square feet.

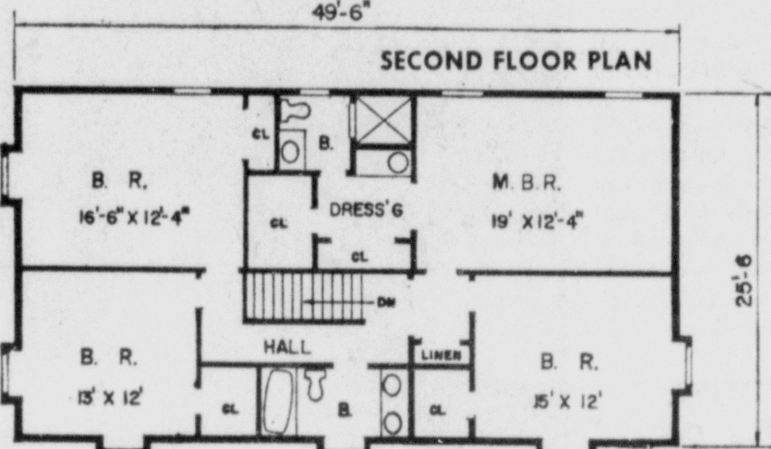

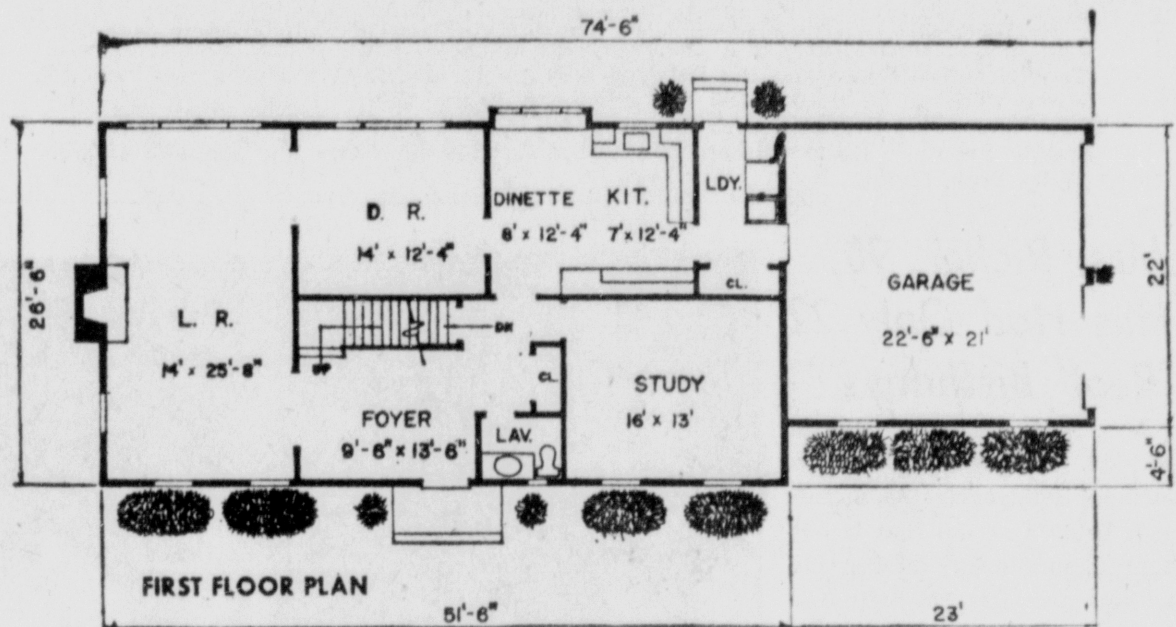

## S-34 STATISTICS

Design S-34 has a living room, dining room, dinette - kitchen, laundry area, study, foyer and lavatory on the first floor, with a habitable area of 1364 square feet. Upstairs are four bedrooms, two bathrooms and six closets, totaling 1264 square feet. There is a full basement, which can be developed to the owner's taste for recreational or other purposes. The basic house is 51' 6" by 26' 6". When the garage is included, the width becomes 74' 6".

to 1364 square feet. As a result, architect William G. Chirgottis has been able to place four good-sized bedrooms and two bathrooms on the second floor. The master bedroom stretches to 19' and has a dressing area with a full-length mirrored vanity and two closets, one a large walk-in. Its private bath includes a glass-enclosed tiled stall shower. The main bathroom on this floor has a tub and a full-mirrored double-bath vanity.

On the first floor, the exceptionally large entrance foyer is virtually a room itself. To the left of it is a living room 25' 8" long, from the front of the house to the rear. Centered on the long wall is a brick-faced fireplace with a window on each side. Additionally, there are two living-room windows looking out on the front lawn and a picture window overlooking the rear garden.

The kitchen-dinette has an eating area large enough to accommodate the family at one setting, thus preserving the regular dining room for formal occasions. Two windows, one over the sink and a rectangular-bayed one in the di-

CENTRAL FOYER effectively handles distribution of traffic to all parts of the house, upstairs and down. Placement of lavatory in foyer area serves guests who wish to freshen up before going inside. Room marked "study" can be extra bedroom if needed.

nette, provide plenty of natural light and a view of the rear yard. Cabinets are efficiently arranged on three walls. To the right of the kitchen is a laundry room, with one door leading to the outside and another to the two-car garage. Besides the sliding-door closet in the laundry room, there is enough extra space in the garage to take care of such things as garden tools, toys and lawn chairs.

What the architect has designated as a study, but can be used as a family room or extra bedroom, is the right front corner of the house. It is separated from the foyer by a lavatory and a clothes closet.

Because it is a "dead-end" space, with only a single entrance, it can be utilized in any possible way with no possibility that it will be used as a passageway.

Outside, Design S-34 has a comfortable, spacious appearance, an impression that is carried out on the inside by the size of the entrance foyer, the open staircase to a wide upstairs hall and the long living room. Even a large family will not feel that it is living in close quarters.

## Work In Ghetto Shocks Dentist

LOS ANGELES (AP) — Last summer Dr. Martin Rosenberg, a dentist, found he had some free time and wondered if the Negro community or the East Los Angeles barrio needed his talent.

He met with William Elkins, director of the 45 poverty program Teen Posts in Los Angeles County, and with the help of the American Jewish Committee came up with 75 volunteer dentists.

Since then more than 400 children, teen-agers and young adults from the black community and the Spanish-speaking barrio have been examined by Rosenberg and the other volunteers free of charge.

The dentists expressed shock at what they have found.

"I went down to a Teen Post and examined 75 youngsters in one evening," Rosenberg recalled recently. "I found only six who didn't need dental care."

He found one girl, who had 13 cavities, three missing teeth,

gum problems, flaring teeth and problems in swallowing and speaking.

"A dental cripple," the dentist said. "It's tragic."

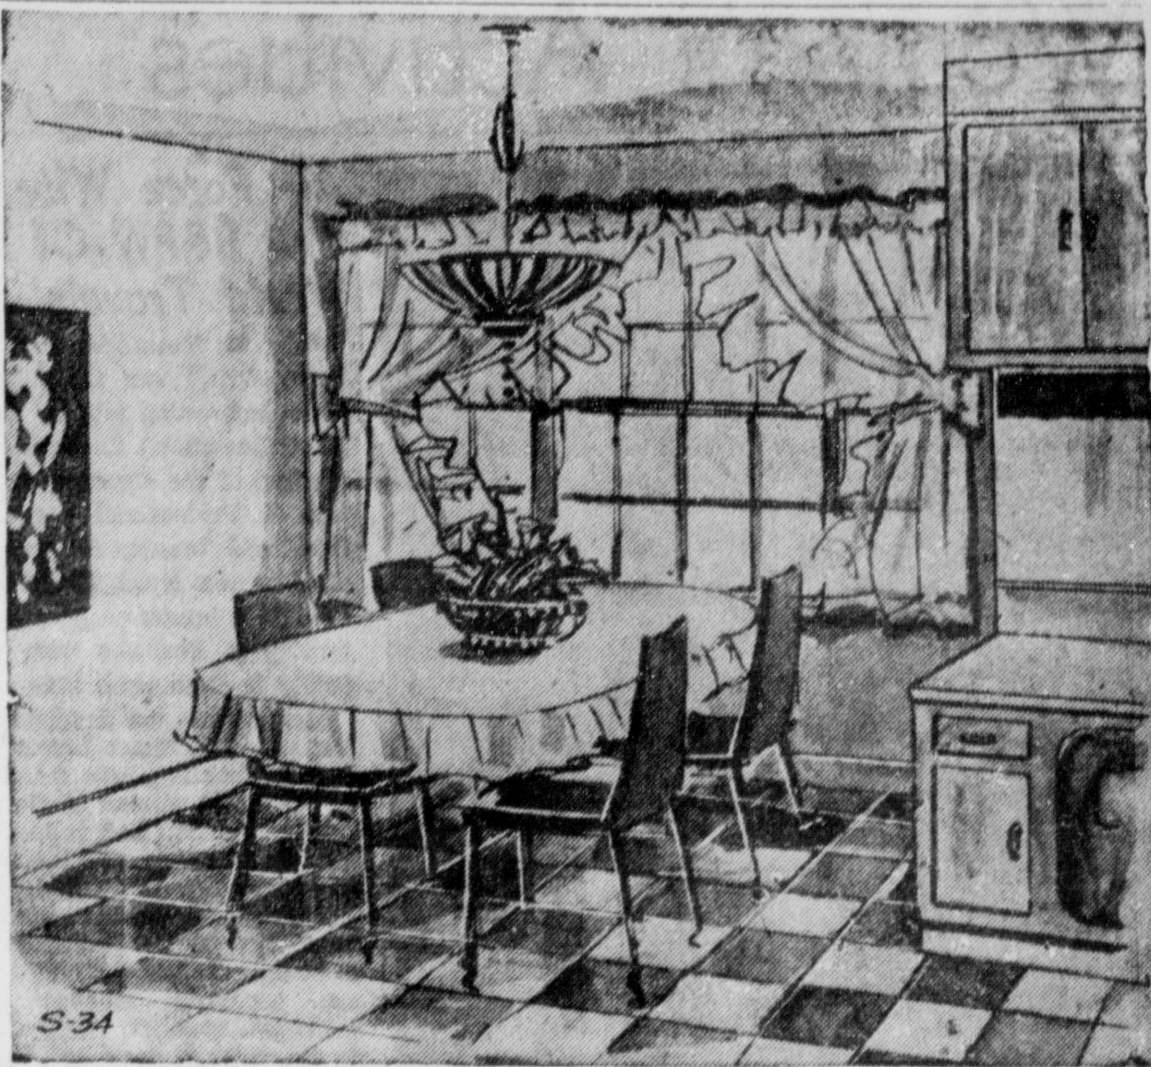

Of the first 310 youngsters examined, Rosenberg said, only about 18 did not need treatment.

"We also found a kind of problem that we weren't aware of," he said. "It's tongue twisting, improperly placing the tongue in speaking and swallowing. In private practice, I find it in 3 to 4 per cent of my patients; in the ghetto we found it is 15 per cent."

Rosenberg and other volunteer dentists have treated the most serious cases at their own offices.

But transporting the young people from the inner city to the dentists' offices, many of which are in outlying areas, has hampered the program.

Elkins said he has asked the Department of Health, Education and Welfare for a grant to provide transportation and extend the program to more of those needing dental work.

LARGE WINDOW in dinette area adjoining kitchen insures plenty of natural light and overlooks rear garden.

## Michigan Week Mayors' Trade Cities Listed

LANSING (AP) — Mayors of Michigan cities will criss-cross the state May 18, some traveling close to 600 miles for the annual mayors' exchange highlighting government day of Michigan Week.

Names of some 450 Michigan municipalities were paired

Wednesday in a drawing at Lansing.

Among those communities who'll send their mayors farthest away for the celebration are Ontonagon, in the Western Upper Peninsula, and Belleville, in Southeast Michigan; and Mackinac Island, which will switch chief executives with Lawton, in southwestern Michigan.

The pairings for Upper Peninsula cities will bring an exchange of mayors between Escanaba and Muskegon Heights. The latter has a population of 19,552.

Other trades include Gladstone-Saline, Manistique-Walled Lake, Marquette-Mt. Clemens, Munising-St. Ignace, Stephenson-Pewamo, Newberry-White Cloud.

Baraga-Sherwood, Daggett-Breckenridge, Chatham-Three Oaks, Crystal Falls-Bellevue,

Ishpeming-Dowagiac, Menominee-Farrington, Gaastra-Kent City, Iron River-Petoskey, Sault Ste. Marie-Lansing.

# Women's Activities

Mrs. Stanley C. Messer (Gordon Nelson Studio)

## Jean M. Olson Bride Of Stanley C. Messer

All Saints Church in Gladstone was the setting Saturday, Feb. 21 for the double ring ceremony uniting in marriage Jean Marie Olson of Gladstone and Stanley C. Messer of Escanaba.

Officiating at the double ring nuptials was Msgr. Matt La-Violette. The bride is the daughter of Mr. and Mrs. Eugene H. Olson, 1405 Wisconsin Ave., Gladstone and parents of the bridegroom are Mr. and Mrs. Jack Messer of Rte. 1, Gulliver.

### Honor Attendants

Honor attendants for the couple were Judy L. Olson of Milwaukee, the bride's sister, and Boyd Messer of Gulliver, brother of the bridegroom. Seating the guests were Allen Schultz of Milwaukee and Ronald Pauley of Manistique.

### Velvet Gown

The bride chose a floor length white velvet gown with lace trim at the neckline, cuffs of the long sleeves and hemline. An organza petal headpiece held her shoulder length illusion veil and she carried an arrangement of red roses and white carnations.

The honor maid wore a red velvet A-line gown with a matching headpiece and she carried a bouquet of pink and white carnations centered with red roses.

### Mothers' Attire

A red dress of chiffon over taffeta with matching accessories was worn by Mrs. Olson for her daughter's wedding and Mrs. Messer chose a brown short sleeved dress with black accessories. Both mothers were presented floral corsages to complement their attire.

The reception was held from 4 to 8 p. m. at the Gladstone Legion Hall. The newlyweds are now at home at 210 N. 11th St., Escanaba. The bride is a graduate of Gladstone High School and Mr. Messer is a 1966 graduate of Manistique High School.

## Twin Sons Born Thursday To Mia Farrow

LONDON (AP) — Actress Mia Farrow, mother of newly born twin boys by composer-conductor Andre Previn, received scores of congratulatory messages today.

Miss Farrow, 25, gave birth to the babies—each weighing 5 pounds 15 ounces—after being rushed to a clinic Thursday night from the London home she shares with Previn.

Previn, 40-year-old Hollywood composer and conductor of the London Symphony Orchestra, was at the clinic and saw the twins a few minutes after they arrived.

"This is wonderful. Superb. Great," said Previn, who announced last October that he was the father.

"It's the most marvelous thing that has ever happened to me," declared Miss Farrow, former wife of Frank Sinatra.

The twins have been named Matthew Phineas and Sacha Villiers. Villiers is a Farrow family name. "We chose the others because we like them," Previn said.

Previn filed suit for divorce from his song writer wife Dory in Los Angeles recently and said he would marry Miss Farrow as soon as he could. The Previn's separated last year after 11 years of marriage.

## Air Force Wife Tell B&PW Of World Travels

"My 21 Years As An Air Force Wife," was the subject of an interesting talk by Mrs. David Lee (Suzi) Rieder at the meeting of the Escanaba Business & Professional Women's Club held Tuesday evening at the Sherman Hotel. Rieder retired as a master sergeant, returning to Escanaba with his family in September, 1969.

Mrs. Rieder, the daughter of Mr. and Mrs. Elmer Larson of Rte. 2, Escanaba, was married to the young airman in Honolulu, where their first child, Diane, 18, was born. The Rieder's other children are David, 16, and Donnaly, 12. Mrs. Rieder found the people in Honolulu to be friendly and outgoing and she especially enjoyed the moderate weather. Returning to the states 18 years ago, they lived in Mobile, Alabama for six years when they were transferred to Charleston, S.C. They lived on various air bases in the United States.

Transferred to France, they lived in a rural area 16 miles from Paris for four years. Finding the people of France aloof, Mrs. Rieder attributed this to the fact that they felt the Americans were more affluent. The young air force wives took short nursing courses inasmuch as they lived some distance from a hospital, enabling them to better care for their children.

Returning to the states, the Rieder's were stationed in California and from there they went to Georgia which they found so much like Michigan, that they became homesick and decided to retire. Rieder flew on missions all over the world, with the exception of Russia and India, is a veteran of two wars and has received the Air Force commendation medal.

Mrs. Leona Erickson, who serves as cochairman of the club's World Affairs Committee with Mrs. Rieder, introduced the speaker.

President Angeline Hakes conducted the business meeting which followed the program. Accepted as a member of the club was Miss Carolyn Davis, who teaches at the Soo Hill School.

Club member Mrs. Dorothy Chase was commended for her recognition by editors of Nursing Home Magazine who selected her as one of 13 dietary personnel from the United States for the 1970 National Honorary Panel of Food Service employees. Mrs. Chase is director of service at Medicenter, Inc.

Mrs. Nancy Petry, chairman of the Finance committee, reported on arrangements for the club's Benefit Card Party to be held at 8 p. m. Tuesday, March 10 at the Sherman Hotel.

Reservations may be made through Saturday, Feb. 28 by calling Mrs. Frank Smokovich, 786-2465, Mrs. Tom Kroll, 786-7831, or Mrs. Mike Kolich, 786-6079.

## Sharon Shrine Meets Tuesday

Sharon Shrine, 45, Order of the White Shrine of Jerusalem will hold its annual meeting Tuesday, March 3 at 7:30 p. m. at the Masonic Temple in Kingsford. Election of officers will be held and annual reports will be given.

The meeting will be preceded by a pot luck dinner at 6 p. m. to which members may invite guests. Members are reminded that dues were payable in January and may be paid at this meeting or mailed to Mrs. Louis Nelson, Rte. 2, Florence, Wis., 54121.

THE ANNUAL Lenten breakfast sponsored by the ladies of Immanuel Lutheran Church will be held at 9:15 a. m. Thursday, March 5 in the church fellowship hall. The Executive Board and the Rebecca unit are in charge of the program. Pictured above working on decorations are members of the Deborah unit, from left: the Mesdames, Hilda Brunette, Olga Pascal, Freda Gilbert, Bernice Schmitt, Helen Londo, Brenda Peterson, Esther Miller, Lou Rockman, Ronnie Norby and Annette Myers. (Daily Press Photo)

## Mrs. Richer, 90, Has Had Only 22 'Real' Birthdays

Mrs. A. D. Richer of 1100 S. 13th St. will celebrate her 90th birthday anniversary on Saturday, Feb. 28 — but that is not her real anniversary for she was a "leap year baby" born in Escanaba on Feb. 29, 1880.

Because of this, Mrs. Richer has had only 22 "real" birthdays to celebrate. Her next Feb. 29 birthday will not come around until 1972.

"Mother is really very capable and is looking forward to Saturday afternoon," said her daughter, Mrs. James R. (Beatrice) Costley. At that time neighbors will call to voice their good wishes.

## Firm Executive Ordered To Pay Wife \$450,000

DETROIT (AP) — Fred M. Ginsberg, president of American Steel Corp., has been ordered to pay his former wife \$450,000 as part of a divorce settlement.

The 48-year-old Detroit industrialist must pay his former wife, Kathryn, \$50,000 immediately, and the balance in \$25,000 installments, according to a ruling Wednesday by Wayne Circuit Judge Edward F. Bell.

In addition, Bell ordered Ginsberg to turn over the \$68,000 family home in northwest Detroit, pay \$75 a week in support to each of the couple's three children, pay all medical bills for the children and finance their college educations.

The court ruled that Mrs. Ginsberg "contributed considerably" to the industrialist's rise from a \$125-a-week job to an estimated \$73,000-a-year position. Attorneys said Ginsberg also holds stock in American steel valued at \$1,089,000, stock in a Tennessee steel firm valued at \$54,000 and IBM stock worth about \$18,000.

Mrs. Ginsberg was granted a divorce last December.

## Story Time On Saturday

Story Time will be held at 10 a. m., Saturday in the Children's Room of Escanaba Public Library. All boys and girls of the age of three and above are invited to attend.

The stories will be, "Edward and the Boxes," "The Five Chinese Brothers," and "Star Bright — The Toad."

## Salvation Army Special Services

Brigadier and Mrs. Milton Anderson of Milwaukee headquarters will be guest speakers at the Sunday morning service at the Temple at 11. The evening service is at 7:30 p. m. and this will be a divine sunbeam service with Mrs. Carl Wright, Sunbeam leader, as speaker.

The public is invited to attend these services, Sunday School at 10 a. m. and prayer service at 7:15 p. m.

## Seney

Mrs. Dick St. Martin, her daughter, Mrs. Dennis Hendrickson and son Bobby are visiting with Mrs. Cheryl Grok and children of Bloomington, Ind.

Mr. and Mrs. Howard Carpenter attended baptismal services for their grandson, Steven Howard Cavill, son of Mr. and Mrs. Fred Cavill at Rapid River on Sunday.

Five young men from the Mennonite Church at Fairview, Mich. spent the weekend here with Rev. Victor Miller and family.

ZSA ZSA GABOR has a bit of trouble getting her sledgehammer into position, but Sammy Davis Jr. is ready to start demolition of the famous Coconut Grove nightclub in Los Angeles Tuesday night. The club is being torn down to make room for a bigger, fancier one. (AP Wirephoto)

## Justice Black Marks His 84th Birthday Today

WASHINGTON (AP) — Justice Hugo L. Black marks his 84th birthday today at work on Supreme Court cases and without celebration.

The court's press office said Black was feeling fine and that his health was good.

Black, appointed to the court by President Franklin D. Roosevelt in 1937, is the third oldest justice in history. Chief Justice Roger B. Taney was on the bench at 87 and Justice Oliver Wendell Holmes retired at 90.

Warren E. Burger, the fifth chief justice Black has served with, marked the occasion with a warm statement.

"This court commonly does not take note of birthdays of justices, but our brother, Justice Hugo Black, is a very uncommon man," the chief justice said.

And, after praising Black's record, Burger added, "In short, happy birthday, sir. And, I may add, I am authorized by the court to say this is unanimous; there are no dissents."

## Births

STACEY—Mr. and Mrs. Paul Stacey of 1515 S. 15th St. are the parents of a son, David Lowell, born at 11:58 a. m. on Feb. 25. The infant weighed 9 pounds and 4 ounces at birth.

WALSTROM—A son, Troy Lee, the first child in the family, was born to Mr. and Mrs. Terry Walstrom, 1011 Stephenson Ave. at 5:27 p. m. on Feb. 25. The infant weighed 7 pounds and 7 ounces at birth. Mrs. Walstrom was Virginia Pepin.

CORY—At 4:01 a. m. on Feb. 26, a daughter, Jill Marie, weighing 8 pounds 8 and 10 ounces was born to Mr. and Mrs. James Cory of Powers. The mother is the former Alice Lawrence.

When you are making turn-overs or tarts with a very rich pastry dough, roll out only half the dough at a time and shape. Keep the dough you are not working with chilled in the refrigerator. Use rich cookie dough the same way.

# GLADSTONE

## Births

STEVENS — Mr. and Mrs. Robert Stevens, 1215 First Ave. North, Escanaba, are the parents of a son born Feb. 23 in Iron Mountain. The mother is the former May Giguera, daughter of Mr. and Mrs. Edward Giguera, 1634 Lake Shore, Escanaba, and this is their first grandchild. The paternal grandparents are Mr. and Mrs. Edmund Stevens, 1617 Lake Shore.

## Snowshoe Game Slated Sunday

The past commodores of the Gladstone Yacht Club will take on the present commodore and his team in a snowshoe softball game Sunday at 2 p. m. in the yacht harbor. Lunch will be served after the game for members and their guests.

## Briefly Told

Harold Anderson of Gladstone attended a meeting of the statewide teacher education panel in Lansing recently. Anderson represented Region I which covers northern Michigan and northeastern Wisconsin. The education panel consists of twenty-two members representing nine different regions. At present, Anderson is serving as chairman of the board of directors of the Upper Michigan Great Lakes Teacher Education Council.

# ABC Programming Means 11 New Shows

By JERRY BUCK  
NEW YORK (AP) — ABC's new fall schedule is a study in the imperfect art of counterprogramming.

ABC traditionally waits until CBS and NBC announce their schedules, then blocks in the shows designed to lure that segment of the audience not accounted for by the opposition.

If, for instance, "Gunsmoke" and Red Skelton on Monday nights are not heady enough for viewers 18-34, in goes "The Young Lawyers" for ABC.

On Wednesdays, where NBC's "Virginian" holds sway and CBS is offering its own gutsy "Storefront Lawyers," ABC set two situation comedies, the returning "The Courtship of Eddie's Father" and Danny Thomas in "Make Room for Granddaddy."

In all, ABC is bringing in 11 new shows and switching six returning series to what it considers more advantageous time periods.

Counterprogramming has not always worked well for ABC, but well enough. Monday night was a disaster this season and the network started anew for the fall. But on Tuesdays, ABC regularly wiped out the opposition and the night was the only one left unchanged.

Sunday night's only change is the substitution of "The Young Rebels," for "Land of the Giants." It's about a Yankee guerrilla unit during the American Revolution.

Among the new shows are two based on Broadway comedy hits by Neil Simon, "The Odd Couple" and an all-black "Barefoot in the Park." The latter will be the first television comedy to feature a young black couple.

The fourth comedy is "The Patridge Family," in which the mother joins her children in a rock band. It sounds amazingly like the Cowells.

ABC is adding three police

shows, "Zig Zag," "Silent force," and "Dan August," the first by any network since the violence issue reached a head nearly two years ago.

"Dial Hot Line" brings back Vince Edwards of "Ben Casey" in an hour drama about an experimental psychological unit at a metropolitan hospital.

Besides "The Young Lawyers," another new program first seen on the Movie-of-the-Week is "The Immortal."

On Monday nights at 9 p. m. the network is offering NFL professional football games for those fans still eager after Sunday's action on NBC and CBS. After Dec. 14, this time reverts to the movies.

Shows being cast-off are "It Takes a Thief," "Paris 7000," "The Flying Nun," "The Ghost and Mrs. Muir," "Here Comes the Brides," "Land of the Giants," "Jimmie Durante and the Lennon Sisters, Engelbert Humperdinck and Pat Paulsen.

Don Adams' "Hooray for Hollywood" on CBS Thursday night was an affectionate, irreverent and outrageously funny look at the film classics. Charlton Heston's mock serious narration was a neat counterpoint to the mimicry of Adams, Don Rickles and Edie Adams.

# Strikes-n-Spares

## With Mike Utt

Priscilla Paler found things going pretty much her way Monday night at the Bowl-A-Rama Lanes. Priscilla only has a 148 average in the Monday Women's League there, but she came up with a 267 game in a 556 series. She started off her big game with a spare, then had eight straight strikes before getting a spare in the tenth and getting eight pins on her last ball.

A total of 19 200 games were rolled by 14 bowlers in the City League Monday night at the Bowl-A-Rama. Jim Moyle had the high game of 239 along with a 211, while Ray Rossi had 225-222, Richard Stanchina 200-222-203, Red Holmes 211-201, Chuck Crago 218, Ron Parlato 229, Dean Roddy 207, Art Mayers 202, Bob Blomstrom 211, Jerry Romashko 208, Tom Mackie 205, Steve King 200, Rene Sabourin 228 and Mickey Olsen 209.

The Escanaba Steam Laundry women's team bowled this last weekend in the Wisconsin State Tournament at Eau Claire. Shirley Rolstad had a 223 game and Lu Barnhart came up with a 200, both games good for an award.

Gerry VanEnkevort turned in a pair of lifetime highs this week while bowling in the Major League at the Holiday Bowl. He had a 267 game in a 626 series, while Helen Lancour, who carries a 132 average in the Tuesday night Women's League at the Bowl-A-Rama, rolled her first game of the season over the 200 mark, getting a 207.

Ernie Baribeau got hot in the American League at the Bowl-A-Rama Wednesday to pace all bowlers with a 245 game. Other big games were turned in by Al Adams 235, Rudy Gafner 227, Steve King 218 and Don VanEnkevort 215. Billy King, who has a 137 average in the league, had a nice 201 game.

Bowling in the Escanaba Junior High School's Friday Afternoon League at the Holiday Bowl is progressing very well. Janet Schrader topped all individuals last week with a 145 game, while Gary Ehrenberg and Dave Weissert had 112 and 118 games. Grace Deiter led her team with an 82.

Steve Belland topped all bowlers in the Bantam League at the Bowl-A-Rama last Saturday with a 132 game. Other bowlers going 45 or more pins over their average were Paul Crowe 117, Dave Leonard 130, Harold Krusic Jr. 118, John Rian 112, Mark Beauchamp 119, Don Viau 114 and Mike Rivest 113. Pat Villeneuve and Bob Nygard each picked up the 5-7 split in the Junior League.

Split Pickers: Babe Bucholtz 6-7-10, C. J. Norelius 4-5-7, Dot Lofquist 6-7, Fran Goodreau, 5-8-10, Dee Moras 5-7-10, Jan Makosky 2-7-9-10, Lorraine Briers 6-7, Aggie Baribeau 5-8-10, Louise Orzel 6-7, Tom Kroll 5-8-10, Ginny Armour 5-7-9, Millie Trombley 6-7-10, Laurie Beauchamp 4-5 and 5-6-7, Dave Mason 4-5-7, Bernie Barvley 4-5-7, Betty Caron 6-7-10, Dave Buckland 2-7-10, Barbara Joran 4-5-7, Marlon Kidd 5-6-10, Duddy Richards 4-5-7, Ken Sturdy 4-7-9-10 and Phil Szczygiel 4-7-10.

High games: Nick Niquette 232-212, E. G. Boydston 230, Laurel Jensen 204, Jerry Jackson 200, John Dulek 212-200, Randy Farmer 227, Denny Schneider 220, Fran Gravelle 220, Al Alberts 211, Hal Weeter 209, Sharon Erickson 201, Bernie LaPlaut 214, John Erickson 222, Marlene Koski 202, Bonnie Johnson 206, LaVerne Paul 205, Harold Johnson 210, Paul Snyder 209, Stan Ostman 213, Jack Beck 225-219, Bob Snow 211, Walt Kulik 236 and Don Koish 216.

Men's 600 Club: Dick Puddy 247-231-622, Ray Rossi 632, Richard Stanchina 625, Red Holmes 604, Nick Gersich 219-611 and Ken Smith 236-638.

Women's 500 Club: Laurel Jensen 528, Lois Johnson 503, Doris Roberts 208-501, Betty Caron 520, Kathy Schultz 218-500, Mary Wilcox 504, Betty Koski 206-221-594, Pat Johnston 204-558, 516 and 546, Honey Williams 522, Gloria LaPlaut 517, Shirley Peltier 515 and Aggie Baribeau 509.

# Pistons Upended By Phoenix Five

DETROIT (AP) — The Phoenix Suns outshot the Detroit Pistons, 24-9, during a six-minute flurry in the second period, on their way to a 131-123 National Basketball Association victory Thursday night.

In winning, the Suns stretched their hold on the fourth and final playoff position in the Western Division to a game and a half over idle Seattle.

In the only American Basketball Association action Thursday, Pittsburgh knocked off Kentucky 113-108.

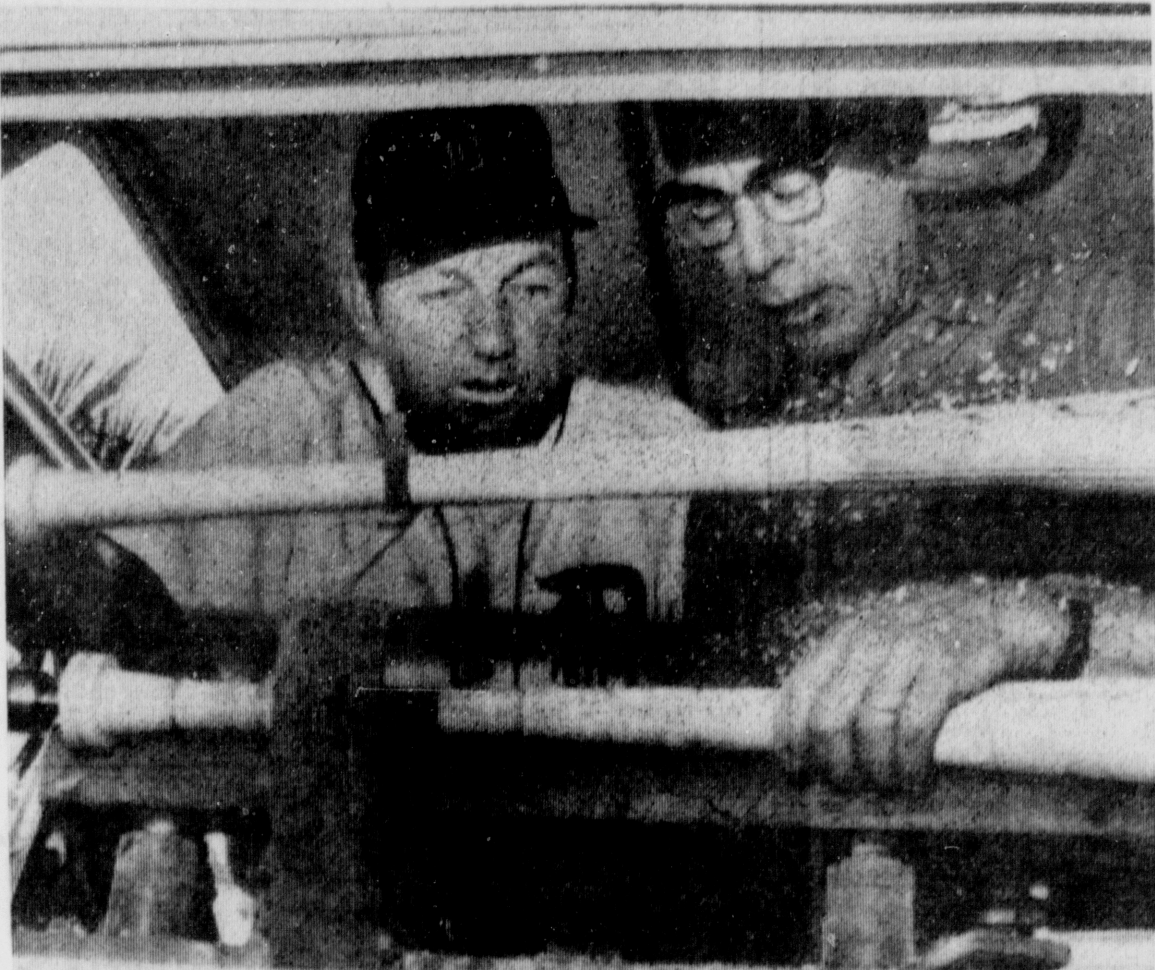

Phoenix's Connie Hawkins drilled in ten points during the second period uprisings which lifted the Suns from a 51-42 deficit to a 66-60 halftime lead.

Dave Bing propelled a Piston comeback late in the fourth period to bring Detroit within two points of the Suns.

But Gail Goodrich hit on two free throws and a basket, Jerry Chambers and Dick Van Arsdale made two quick baskets, and the Suns were home free.

Hawkins tossed in 33 points for the winners, while Bing sank 32 for Detroit.

There was one bright spot for the sagging Pistons who sunk deeper into the Eastern Division cellar: they are one game closer to a chance to flip for the NBA's no. 1 draft choice.

NEW BAT — Detroit Tiger outfielder Al Kaline, left, looks on as batmaker Bob Pieler turns out a new bat for the Tiger slugger in a mobile unit at spring training base in Lakeland, Fla. The lathe follows the pattern of Kaline's original bat laying on the top rack. (AP Wirephoto)

# Tiger Manager Defends McLain In Verbal Battle

LAKELAND, Fla. (AP) — The Detroit Tigers logged some spring training time yesterday with verbal batting practice during which Manager Mayo Smith came to bat for troubled pitcher ace Denny McLain.

Tigers taking their swings Thursday were Smith, McLain and catcher Bill Freehan, whose bylined article in the current issue of Sports Illustrated lashes out at McLain who has been suspended from baseball pending a probe of his ties to gambling operations.

The article is a collection of excerpts, in diary form, taken from a book by Freehan to be published in May.

While praising McLain's pitching ability, Freehan was critical both of Denny's conduct during the 1969 season and Smith's attitude toward it.

I don't think Mayo had any idea of the effect Denny's actions had on the rest of the team. I'm not sure Denny did, either," Freehan said.

But Smith and McLain reacted sharply to the Freehan article.

"What do I think of it?" said Smith. "You can spell it 'b-u-l-l'."

"Some of the players are trying to use Denny McLain as an excuse for their own inadequacies," he fumed.

Speaking in an exclusive interview with the Detroit Free Press, McLain said he agreed with Smith. "Mayo summed up my feelings probably better than I ever could," he said.

McLain charged that "the story is a lot of malarky and a lot of propaganda instigated against me by Sports Illustrated."

Freehan said some of the players resented McLain's brash attitude, which included flying his own plane to Miami for an exhibition game while the rest of the team had to make the trip by bus; talking Smith into letting him return home from the West Coast to have his teeth and arm treated while the rest of the team had to stay in California; and failing to show up after having caps put on his teeth—the same day Mickey Stanley also had dental work, but showed up for the game.

Freehan described a Sept. 14 meeting between Smith and his players during which several members of the team complained about an alleged double standard in rules: one set for McLain, another for the rest of the team.

"Skip," Freehan recorded one of the players as saying to Smith, "you had rules. Yet when you make an exception to the rules for one guy, and you expect everybody else to live by them, it's pretty tough for the club to work together."

According to Freehan, another player added, "Half the time McLain doesn't come out here

before a game. And he laughs about it. He thinks it's a funny joke. He goes home in the middle of the game. He's never on the bench, never takes batting practice, he never shags. And he's not alone. A lot of the rest of us have grown lax, too."

But Smith and McLain both categorically deny that the Tigers' suspended star pitcher ever received any special privileges.

And Freehan himself recently expressed concern that Sports Illustrated would choose only to run his comments on McLain.

"I stand behind what I say," Freehan said, "but you've got to remember that all these things were written last October. Coming out now, with Denny suspended, they appear in a much different light."

# Wings Register 7-1 Victory Over Seals

By The Associated Press

Red Wings Billy Dea, Dale Rolfe and Frank Mahovlich kept the Oakland Seals' goalie dizzy as they all scored goals in a one-minute and 24-second stretch of the first period Thursday night at Olympia Stadium. Detroit went on to wallop Oakland 7-1 in National Hockey League action.

Gordie Howe and Nick Libett scored later in the first period as Detroit exploded for five goals, its best period of the NHL season.

In other NHL action Thursday night, New York took a 5-3 whipping from Boston, Pittsburgh blanked Los Angeles 1-0 and Chicago edged Philadelphia 3-2.

Howe scored his 21st goal of the season while killing a penalty.

Garry Unger scored his 33rd goal and Libett tallied his second goal of the night and 15th of the season on a slap shot at the 23-second mark of the final period.

Oakland's Bill Hicke spoiled the shutout for Detroit goalie Roy Edwards with a tap-in from a scramble in front of the net

with 5:01 to play. It was his first goal in 21 games.

Gary Smith was in goal for the first five Detroit goals and left when Libett made it 5-0 at 13:37 of the opening period.

Dea started the scoring parade at 3:30 when he put in Bruce MacGregor's rebound.

Rolfe, just acquired from Los Angeles last Friday, scored his first goal as a Detroiter at 4:25 on a slap down the middle and Mahovlich blistered a slap shot into the short side on a two-on-one play at 4:55 for his 46th goal.

John McKenzie of the Bruins set up three goals—two of them by Fred Stanfield—as Boston jumped into a quick lead and never let the Rangers out from under.

McKenzie fed Phil Esposito for the game's opening goal at 4:18 of the first period and then set up Stanfield twice as the Bruins blistered Ranger goalie Ed Giacomin with 41 shots. Ed Westfall and Garnet Bailey scored Boston's other goals while Arnie Brown, Dave Balon and Bob Nevin connected for New York.

Al Smith turned in his first NHL shutout for the Penguins with Ken Schinkel's 18th goal of the year providing him with all the offense he needed against Los Angeles.

Dean Prentice and Bryan Hextall, Jr.,—like Schinkel, both ex-Rangers—assisted on the goal. It was the 400th assist of Prentice's NHL career.

Smith kicked out 30 shots and the victory moved the Penguins into second place in the West.

two points ahead of Philadelphia, which bowed to Carolina.

The Black Hawks stayed in fourth place in the East, one point ahead of Detroit, besting the Flyers behind Gerry Desjardins, who was making his first start in goal for them.

Desjardins, acquired in a six-player trade with Los Angeles last Friday, stopped 35 shots and the Hawks got a pair off goals from Bobby Hull for the victory. Hull, who set out the first month of the season, increased his goal total to 31.

# Detroit Dumps Lake Superior

DETROIT (AP)— Detroit College squashed Lake Superior 100-63 Thursday night behind the showmanship of Leroy Jenkins, game high scorer with 36 points.

Detroit led all the way, accumulating a 37-26 advantage by halftime, but really let loose in the final half, hitting on about 70 per cent of their field goals.

Isaiah Jones was second highest scorer for Detroit with 33 points. High man for Lake Superior was Brad Sholdice with 17.

"HAIRESY" FOR HARRELSON — Cleveland Indians outfielder Ken Harrelson admires (?) his enforced haircut at training camp in Tucson, Ariz. When he got there like at right, manager Alvin Dark said the hair had to go or there would be daily fines. Harrelson said no, go ahead and take my money — but he got the haircut because, he said, Dark's voice had a "one thousand dollar tone."

# Unhappy Slugger Returns To Mets

By The Associated Press

Ron Swoboda and the New York Mets are closer together today... and perhaps farther apart, too.

Swoboda arrived at the world champs' spring training base in St. Petersburg, Fla., Thursday with a signed contract in his pocket and a frown on his face. He was the last Met to report... and apparently the least satisfied of New York's World Series heroes.

"I'm bitter," said the strapping outfielder, who had held out briefly for a \$50,000 contract but settled for about \$40,000. "I am ashamed to look my wife in the face. I feel I let my family down. I compromised myself too much. I've been sick for days."

"I feel he was treated fairly," countered Bob Scheffing, the Mets' new general manager. "If he wasn't satisfied, why did he sign?"

"I just didn't want to upset what the team has here," explained Swoboda, who batted just .235 last season but contributed heavily to the Mets' September pennant drive and then sparked, at bat and in the field, in their Series triumph over Baltimore. "It's a great feeling of togetherness and I didn't want to be the one to hurt it."

While Swoboda ruefully accepted a \$6,000 pay hike from the Mets, St. Louis signed speedster Lou Brock, whose .298 batting averaged paced the club last season, for a reported \$90,000... about \$5,000 above his 1969 figure. That left two Cardinals... slugger Richie Allen and southpaw pitcher Steve Carlton... unsigned.

Carlton, a 17-game winner whose 19 strikeouts against the Mets in a late-season game bettered the major league record, said he has come down from an original demand of double his \$25,000 salary last year but the Cardinals "won't budge."

Allen reportedly wants \$140,000 for his first season with St. Louis. Which acquired him in the multi-player deal that sent Curt Flood and Tim Lincecum to Philadelphia. "He'll be here," Brock assured. "He's got a history of holding out, but he wants to play baseball."

Reggie Jackson, the Oakland Athletics' sensational young slugger, admitted he and club owner Charles O. Finley still were "very far apart" in salary negotiations.

Bobby Murcer, Horace Clarke and Jerry Kenney still were missing as the New York Yankees worked out at Fort Lauderdale, Fla., and five Los Angeles players, including pitcher Don Sutton and Bill Singer, were absentees from the Dodgers' Vero

## Swor Volunteers For First Jump

IRONWOOD, Mich. (AP) — Greg Swor, 18-year-old holder of the North American Ski jumping championship, volunteered to make the inaugural leap today from the Western Hemisphere's only ski flying hill.

Swor of Duluth, Minn., will lead 30 other competitors from 10 nations in the three-day tournament on the still-untested hill.

Leaps approaching 500 feet are believed possible from the Copper Peak hill. Rides begin from a tower 241 feet above the crest of Copper Peak, which itself rises 364 feet above the landing area. The inaugural run and the first half-dozen following are considered the most dangerous in breaking in a new flying hill.

Young Swor set the North American jumping record at 341 feet Feb. 1 at Leavenworth, Wash. It will be his first competition in ski flying.

## Gerard Sparks Northern Over Oshkosh Quint

MARQUETTE (AP) — Gerry Gerard, who had scored only six points all season, came off the bench late in the first half, scored 18 points and sparked a rally that enabled Northern Michigan University to defeat Oshkosh of Wisconsin 95 to 78 in college basketball Thursday night.

Oshkosh had led 45 to 38 at the half.

Hugh Friday scored 23 points and Ted Rose added 20 for the Wildcats, now 12-13. Jeff Stang's 17 points were high for Oshkosh, which ends the season with an 11-11 mark.

# Kansas State Triumphs; Receives Tourney Berth

By The Associated Press

The Wildcats from Manhattan did it.

That is to say the Kansas State Wildcats from Manhattan, Kan., today are in the NCAA post season championship basketball title. "I know not many people thought we could do it, but our kids thought we could," said Cotton Fitzsimmons, the K-State coach. "The credit goes to them. They stuck together all season."

Fitzsimmons' comment came after his kids had beaten Colorado 79-69 at Manhattan Thursday night, thereby clinching the Big Eight Conference crown and the automatic NCAA berth that goes with it.

Jerry Venable paced the Wildcats with 31 points, 13 of them coming in the last six minutes after Cliff Meely, Colorado star, fouled out with 5½ minutes left. At the time K-State led by only one point 60-59.

Kansas State, which won only 14 of 26 games last season, now has a 19-5 overall mark and is 17th in The Associated Press Poll. They have a 10-2 mark in the Big Eight and lead Kansas by three games with two left.

Kansas State drew a first-round bye in the NCAA. The Wildcats' first game in the

NCAA will be in the Midwest Regional at Lawrence, Kan. March 12 against the winner of the New Mexico State-SWC tilt at Fort Worth, Tex., March 7.

Down at Atlanta the nationally sixth-ranked Jacksonville Dolphins whipped Georgia Tech 86-81 in a battle between NCAA and NIT-bound teams.

The Dolphins, in the NCAA won their ninth straight and upped their season record to 22-1 by coming from behind to beat the NIT-bound Engineers.

A layup by 7-foot-2 Artis Gilmore with about seven minutes left put Jacksonville ahead for good at 67-66. Rich Yunkus of Tech was the game's high scorer with 36 points. Gilmore got 27 for the Dolphins.

"Yunkus is good enough to beat anybody," said Joe Williams, Jacksonville coach. He added that Gilmore and Yunkus are "completely different type players. Artis is still improving and he certainly was a factor in intimidating their club."

The favored Davidson Wildcats, No. 11 in the AP Top Twenty, had little trouble whipping Virginia Military 72-46 in the first round of Southern Conference Championship Tournament at Charlotte.

Newspaper Want Ads are a big sell! One billion, twenty one million was spent on classified ads last year... more than for all magazine advertising combined and more than 300 million more than radio advertising.

# McGowan, Marr Top Doral Field

MIAMI (AP)—Jack McGowan, who has been in a slump for a while, Dave Marr put his financial house in order and Doug Ford put himself out of business.

The veteran Ford, 22 years on the pro tour, signed his scorecard which had a 40 for the score on the ninth hole, was charged with that, and took a 116 total in the first round of the \$150,000 Doral Open Golf Tournament.

"I don't remember writing in the 40," Ford said. "I just remember writing the 79 total and signing it."

The 40 was his total for the first nine holes. But the figure appeared in the blank for the ninth hole, and under the rules of golf, Ford was stuck with it when he signed the card.

A similar incident occurred the 1968 Masters when Roberto de Vicenzo signed an incorrect card and was knocked out of a tie for first place in the Masters.

Marr, who hasn't won since he took the 1965 PGA Championship and veteran McGowan, meanwhile shared the first round lead with five-under-par 67s on the lake-lined, 7,028 yard blue course at the Doral Country Club.

Marr, a personable 36-year-old who has been in a slump for five years, said he had had "too many things on my mind. But now I have my program, my goals, better organized. Some nice things have happened to me and I have a little more confidence."

McGowan, a dour little veteran of 10 years on the tour whose only previous victory was almost seven years ago in something called the Mountain View Open, said a rest—"I just put my game on the shelf"—may account for his fine round.

They held a two-stroke lead over a half dozen others, headed by hard-hitting Dan Sikes going into today's second round. Sikes was tied at 69 with Charles Coody, Jim Colbert, Larry Hinson, Dave Stockton and Brian Barnes, a rookie pro and a member of Britain's Ryder Cup team.

British Open Champion Tony Jacklin was in another bunch of six at 70, with Arnold Palmer still very much in contention at 71. Julius Boros had an 80, PGA Champ Ray Floyd had a 75, Master title-holder George Archer had a 74 and U.S. Open Champion Orville Moody took a 73.

Ford, of course, had the toughest break of them all. He withdrew from the second round with the sponsor's permission.

Dudley Wysong, who scored for him, said, "The 40 isn't in my writing. He must have done it. But I must have left the score on the ninth hole blank."

Marr, who said he "is a little more collected in my mind," had seven birdies and two bogeys—both on three-putts—said he has "played much better this year than I had hoped to. I had such a terrible year last year. I wasn't playing. I wasn't thinking."

"But things are so much better now."

He birdied three of the four par fives, two with short putts, and started a string of three consecutive birdies coming home with a tough, 35-foot putt.

McGowan, who started his year's swing only last week, didn't have a bogey and ran in a pair of 40 four birdie putts. His other three birds came on the par fives, two on short putts and one on a two-putt.

## Board Initiates School Program

The area Board of Education has agreed to "take initial steps" toward hiring an architect to assess the immediate and future needs of the Central School complex and report on a building and remodeling program to meet those needs.

The carefully worded resolution actually does not commit the board of education to any firm course of action but does show intent to move, if possible, on their advisory committee's recommendations which were a year in the making.

**Indicate Concern**

The board indicated their concern about building and remodeling costs, financing, priorities and a long-range projection of future needs. All these factors will be considered before any definite program is assembled.

The resolution, offered by Trustee Ralph Gilliam, states "That the Board of Education take initial steps to hire an architect to begin architectural studies to determine the possibilities and feasibility of a remodeling program coupled with the construction of a new building for other programs not provided for by the remodeling."

**Unanimous Decision**

The unanimous decision came following a meeting between the board and its advisory committee and a review of the committee's recommendations by its chairman Rev. Ingmar Levin.

The recommendations, submitted in January, concerned facility improvements in physical education, home economics, hot lunch, industrial arts and vocational education, music, library and centralization of junior high classes.

**Remodeling Cited**

A building and/or remodeling program would first and foremost improve the quality of education, the committee noted, since the basic problem — lack of space — is a handicap for both teachers and students.

Supt. Edwin E. Wuehle agreed with this premise and pointed out that the recent remodeling program at the Central School resulted in guidance facilities, an enlarged library and remodeled classrooms which have all contributed to better serve the educational needs of the students.

Some suggestions advanced during the discussion:

Build a new physical education plant with space for both band and vocal music departments;

Remodel both gyms to create space for other departments;

Consider, if feasible, adding a second floor in both gyms which could conceivably add about 20,000 sq. feet of additional space.

**Other Plans Noted**

Debt consolidation (whereby individual township school obligations incurred before reorganization would become the responsibility of the entire school district) might be included in the total building program, board president Denton Nelson said, after Trustee Leon Wood observed that four townships — Doyle, Manistique, Hiawatha and Germfask — have a total indebtedness of \$373,000 on school buildings.

Rev. William Brauer asked that the board consider a swimming pool in its total plan and suggested financing might be obtained from private sources.

It was noted that the proposed building and remodeling program would correct certain State Fire Marshall and inadequate lighting citations recently relayed to the school.

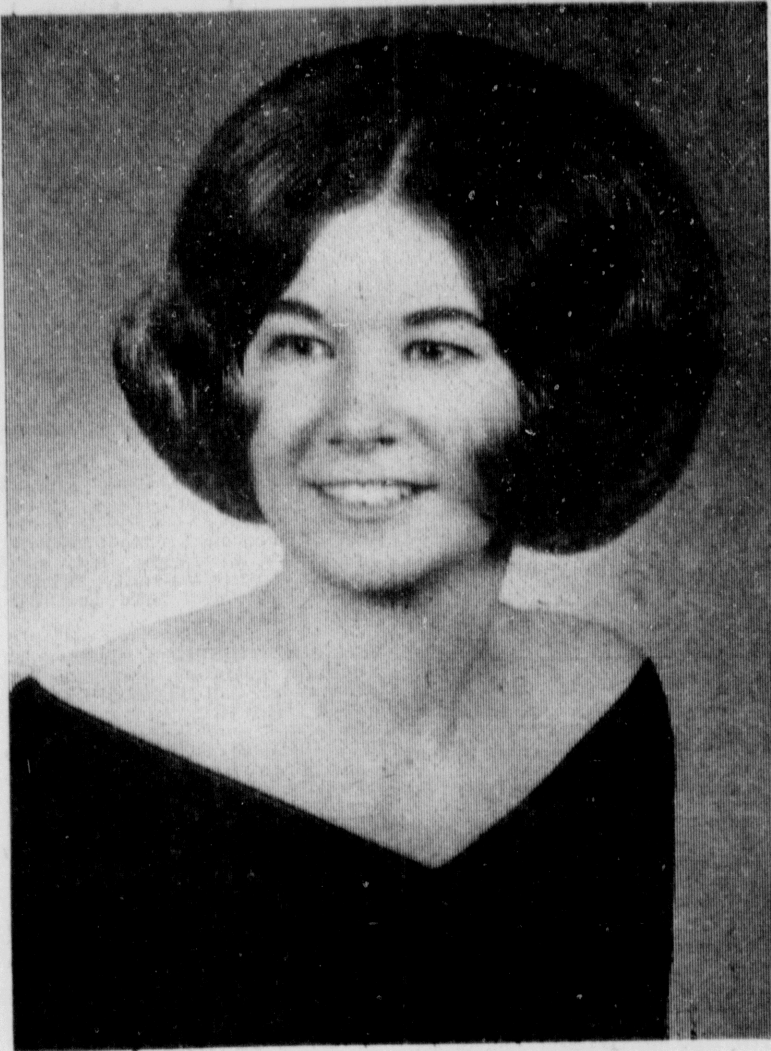

Before adjourning, the board appointed Nelson as their representative at a budget hearing of the Intermediate School District on Thursday.

### Obituary

**MRS. GEORGE RUSSELL**

Complete funeral services were held Wednesday from the United Church of Christ in Rapid River for Mrs. George (Sadie) Russell, 79, 128 S. Fourth St., who died Feb. 21 in the Schoolcraft County Medical Care Facility.

Rev. Charles Hazard officiated with Mrs. George Olson at the organ. Burial was in Gardens of Rest Cemetery in Escanaba under the direction of the Messier-Brouillette Funeral Home.

### Briefly Told

The Penguin Bar defeated Cooks Tavern in a cribbage tournament playoff Wednesday night with a 38-34 final tally.

## MANISTIQUE

### Hospital

Admitted to the Schoolcraft Memorial Hospital Wednesday were Lorraine Ozanich, Charles Schwartz, Christina Dean, Zella Elsner, Elizabeth Kallio, Orletta Peterson and Deborah Fisher.

Discharged were Eva Foote, Irene Rader, Alpha Thebaull, Paul Perry, Martha Leppik, Mary McDermott and Helen Peterson.

### UMW Official Pleads Innocent To Conspiracy

CLEVELAND, Ohio (AP) — Silas Huddleston, president of a Tennessee United Mine Worker local has pleaded innocent to federal charges that he was a fifth conspirator in a plan to kill UMW insurgent Joseph A. Yablonski.

Huddleston, 61, from LaFollette, Tenn., is the father and father-in-law of two of four other persons indicted by Cleveland federal grand jurors as alleged conspirators in the Yablonski slaying.

U.S. District Court Judge James C. Connell ordered Huddleston held in Cuyahoga County Jail under \$250,000 bond.

Huddleston, 61, president of United Mine Workers pensioners Local 3228 at LaFollette, Tenn., was indicted Wednesday by a federal grand jury, the fifth person charged with conspiracy in the case.

### Church Events

**Zion Lutheran Church**

The LCW executive committee meets at 7 p.m. Tuesday in Augustana Hall. At 8 p.m. the LCW general body will meet with the Ruth Group in charge of the program. Mrs. Albert Fleck is devotional chairman with Mrs. Walter Johnson and Mrs. William Storvik as ushers. Mrs. Pat Aldrich will sing with accompaniment by Mrs. Edward Mathson.

The hostess committee includes Miss Rose Marks, chairman, assisted by Mesdames Carl E. Carlson, Raymond Salo, Barney Nelson, Walter Anderson, Joseph VanDyck, Erwin Simi, Signe Cameron and George Chvala. All ladies and their guests are welcome to attend.

The pygmy owl is about the size of a bluebird, but it is just as savage a killer as its larger relatives.
